AN EXPLANATION OF SERIAL NUMBER LISTING

the part is used on all machines except as noted in the description column.

When a serial number or year appears before the dash (00000-)
the part was introduced beginning with that serial number or year and is still being used.

When a serial number or year appears after the dash (-00000)
the part was used up to and including that serial number or year but was not used after that serial number or year.

When serial numbers or years appear both before and after the dash (00000-00000)
the part was used beginning with the first serial number or year but was not used after the second serial number or year.
