The Association of Chartered Certified Accountants ACCA is the global body for professional accountants

With over 100 years of providing world class accounting and finance qualifications the ACCA has significantly raised its international profile in recent years and now supports a BSc Hons in Applied Accounting and an MBA

BPP Learning Media is an ACCA Official Publisher

P2 is a very challenging paper which builds on the knowledge and skills acquired at earlier levels in the preparation and analysis of financial reports for single entities and groups

It takes these areas to a higher level putting into context the role of the accountant as a professional steward and adviser who is responsible to the stakeholders of an organisation

It has five main sections

- 1 Regulatory and ethical framework and current issues
- 2 Reporting the financial performance of entities
- 3 Group financial statements
- 4 Specialised entities
- 5 Analysis of the financial performance of entities

The main new topics introduced at this level relate to group accounts but other topics are tested with a different emphasis and in more depth than at the Fundamentals Level

We provide material for both International and UK streams

The study text has been reviewed by the examiner and takes account of his advice on approaching the paper

Ethics which have an impact on all aspects of financial reporting are introduced at an early stage in the text as is corporate social responsibility so that students do not neglect these topics when covering the numerical areas

Accounting standards come next combining revision with extension into more advanced areas

After a brief revision of basic groups the more advanced consolidation topics are covered

Current issues are covered throughout the text within the appropriate topics and also summarised towards the end of the book

The question bank contains practice at the case study style question you will encounter in the real exam
