## **Michel Foucault Book:**

**O'farrell: Michel Foucault (paper)** Clare O'Farrell, 2005-10-10 Michel Foucault's work is one of the most influential sources of ideas in the humanities and social sciences today Clare O'Farrell offers a comprehensive and accessible introduction to Foucault's enormous diverse and challenging output Her book provides a range of practical tools and a reference work for readers who wish to understand and apply his ideas at both introductory and advanced levels This volume includes a discussion of Foucault's situation in the contemporary context exploring his role as an iconic thinker with clear explanations as to why his work is so difficult to come to grips with and also importantly why it is of interest to so many people the location of Foucault's work within its own historical social and political setting brief summaries in chronological order of all of Foucault's major works including the more recently published volumes of lectures the organization of Foucault's work around five distinct but interrelated series of assumptions which underpin his world view namely order history truth power and ethics Ideas for which he is well known such as archaeology genealogy discourse discipline governmentality the subject and others are defined and discussed within the framework of these five assumptions a chronology of Foucault's life work and times a very extensive list of key concepts in Foucault's work with detailed references pointing to where the relevant material can be found in his writings a wide ranging list of resources and a bibliography of Foucault's work for easy consultation

**Michel Foucault** Didier Eribon, 1991 When he died in 1984 Michel Foucault was widely regarded as one of the most powerful minds of this century Hailed by historians and lionized in America he continues to provoke lively debate This meticulously documented narrative debunks the many myths and rumors surrounding the brilliant philosopher to consider that all Foucault's books are fragments of an autobiography

**The Lives of Michel Foucault** David Macey, 2019-01-29 The classic biography of the radical French philosopher with a new afterword by acclaimed Foucault scholar Stuart Elden When he died of an AIDS related condition in 1984 Michel Foucault had become the most influential French philosopher since the end of World War II His powerful studies of the creation of modern medicine prisons psychiatry and other methods of classification have had a lasting impact on philosophers historians critics and novelists the world over But as public as he was in his militant campaigns on behalf of prisoners dissidents and homosexuals he shrouded his personal life in mystery In The Lives of Michel Foucault written with the full cooperation of Daniel Defert Foucault's former lover David Macey gives the richest account to date of Foucault's life and work informed as it is by the complex issues arising from his writings In this new edition Foucault scholar Stuart Elden has contributed a new afterword assessing the contribution of the biography in the light of more recent literature

The Foucault Reader Michel Foucault, 1984-11-12 Michel Foucault was one of the most influential philosophical thinkers in the contemporary world someone whose work has affected the teaching of half a dozen disciplines ranging from literary criticism to the history of criminology But of his many books not one offers a satisfactory introduction to the entire complex body of his work The Foucault Reader was commissioned precisely to

serve that purpose The Reader contains selections from each area of Foucault's work as well as a wealth of previously unpublished writings including important material written especially for this volume the preface to the long awaited second volume of The History of Sexuality and interviews with Foucault himself in the course of which he discussed his philosophy at first hand and with unprecedented candor This philosophy comprises an astonishing intellectual enterprise a minute and ongoing investigation of the nature of power in society Foucault's analyses of this power as it manifests itself in society schools hospitals factories homes families and other forms of organized society are brought together in The Foucault Reader to create an overview of this theme and of the broad social and political vision that underlies it     *Michel Foucault* David Macey, 2005-03-01 With Michel Foucault Reaktion Books introduces an exciting new series that brings the work of major intellectual figures to general readers illuminating their groundbreaking ideas through concise biographies and cogent readings There is no better thinker than Foucault with which to begin the Critical Lives series Though reticent about his personal life for most of his career Foucault in the last years of his life changed his stance on the relationship between the personal and the intellectual and began to speak of an aesthetics of existence in which the life and the work become one David Macey a renowned expert on Foucault demonstrates that these contradictions make it possible to relate Foucault's work to his life in an original and exciting way Exploring the complex intellectual and political world in which Foucault lived and worked and how that world is reflected in his seminal works Macey paints a portrait of Foucault in which the thinker emerges as a brilliant strategist one who while fiercely promoting himself as a maverick aligned himself with particular intellectual camps at precisely the right moments Michel Foucault traces the philosopher's career from his comfortable provincial background to the pinnacle of the French academic system paying careful attention to the networks of friendships and the relations of power that sustained Foucault's prominence in the academy In an interview in 1966 Foucault said One ought to read everything study everything In other words one must have at one's disposal the general archive of a period at a given moment It is precisely this archive that Macey restores here accessibly relating Foucault's works to the particular context in which they were given form     **Power/Knowledge** Michel Foucault, 1980-11-12 Michel Foucault has become famous for a series of books that have permanently altered our understanding of many institutions of Western society He analyzed mental institutions in the remarkable *Madness and Civilization* hospitals in *The Birth of the Clinic* prisons in *Discipline and Punish* and schools and families in *The History of Sexuality* But the general reader as well as the specialist is apt to miss the consistent purposes that lay behind these difficult individual studies thus losing sight of the broad social vision and political aims that unified them Now in this superb set of essays and interviews Foucault has provided a much needed guide to Foucault These pieces ranging over the entire spectrum of his concerns enabled Foucault in his most intimate and accessible voice to interpret the conclusions of his research in each area and to demonstrate the contribution of each to the magnificent and terrifying portrait of society that he was patiently compiling For as Foucault shows what he was

always describing was the nature of power in society not the conventional treatment of power that concentrates on powerful individuals and repressive institutions but the much more pervasive and insidious mechanisms by which power reaches into the very grain of individuals touches their bodies and inserts itself into their actions and attitudes their discourses learning processes and everyday lives Foucault's investigations of prisons schools barracks hospitals factories cities lodgings families and other organized forms of social life are each a segment of one of the most astonishing intellectual enterprises of all time and as this book proves one which possesses profound implications for understanding the social control of our bodies and our minds

**Archaeology of Knowledge** Michel Foucault, 2002 Foucault's classic methodological statement **Power** Michel Foucault, 2002-01 Volume 3 in the ESSENTIAL WORKS OF FOUCAULT series a collection of articles interviews and seminars on the subject of Western political culture written by the twentieth century French philosopher Michel Foucault and translated into English It includes issues such as sexuality psychiatry discrimination and exclusion in human society *The Political Philosophy of Michel Foucault* Mark G.E. Kelly, 2010-06-21 This book is the first to systematically reconstruct Foucault's political and philosophical thought across his career arguing that Foucault had a consistent but ever growing political and philosophical viewpoint *Michel Foucault* Lynn Fendler, 2014-10-23 Michel Foucault's influential work spanned a wide array of intellectual disciplines his writings having been widely taken up in philosophy history literary criticism and political theory Focusing on the implications of Foucault's theories for education whilst characterizing them as provocative problematizing poetic and playful Lynn Fendler describes the historical context for understanding Foucault's ground breaking critiques Including a discussion of his major theories of disciplinary power genealogy discourse and subjectivity this text provides generative explanations of concepts using analogies to the Internet and to food in order to connect Foucault's theories to everyday experience **Michel Foucault** Dianna Taylor, 2014-12-05 Michel Foucault was one of the twentieth century's most influential and provocative thinkers His work on freedom subjectivity and power is now central to thinking across an extraordinarily wide range of disciplines including philosophy history education psychology politics anthropology sociology and criminology Michel Foucault Key Concepts explores Foucault's central ideas such as disciplinary power biopower bodies spirituality and practices of the self Each essay focuses on a specific concept analyzing its meaning and uses across Foucault's work highlighting its connection to other concepts and emphasizing its potential applications Together the chapters provide the main coordinates to map Foucault's work But more than a guide to the work Michel Foucault Key Concepts introduces readers to Foucault's thinking equipping them with a set of tools that can facilitate and enhance further study Michel Foucault Sara Mills, 2003-09-02 It is impossible to imagine contemporary critical theory without the work of Michel Foucault His radical reworkings of the concepts of power knowledge discourse and identity have influenced the widest possible range of theories and impacted upon disciplinary fields from literary studies to anthropology Aimed at students approaching Foucault's texts for the first time this volume offers an examination of Foucault

s contexts a guide to his key ideas an overview of responses to his work practical hints on using Foucault an annotated guide to his most influential works suggestions for further reading Challenging not just what we think but how we think Foucault's work remains the subject of heated debate Sara Mills Michel Foucault offers an introduction to both the ideas and the debate fully equipping student readers for an encounter with this most influential of thinkers

**The Order of Things** Michel Foucault, 2002 Possibly one of the most significant yet most overlooked works of the twentieth century it was *The Order of Things* that established Foucault's reputation as an intellectual giant

*The Passion of Michel Foucault* James Miller, 2000 Based on extensive new research and a bold interpretation of the man and his texts *The Passion of Michel Foucault* is a startling look at one of this century's most influential philosophers It chronicles every stage of Foucault's personal and professional odyssey from his early interest in dreams to his final preoccupation with sexuality and the nature of personal identity

*Michel Foucault* Dan Beer, 2017

**Michel Foucault and the Games of Truth** H. Nilson, trans Rachel Clark, 2016-07-27 The book emphasises the affinity between Foucault's and Nietzsche's thought Both philosophers tried to give clarity to modernity's arbitrary nature Following on from Foucault's diagnostic enquiries into a History of Sexuality and Nietzsche's appreciation of ancient culture Nilson's study shows a practical consequence the self stylization of the individual This aesthetical attitude replaces belief in metaphysical and even scientific meaning thus leading to a philosophy of life Nilson's book targets all those who wish to give their life a unique form

*Power* Michel Foucault, 2020 The third and final volume of the Essential Works of Foucault series *Power* brings together his writings on the issues that he helped make the core agenda of Western political culture medicine prisons psychiatry government and sexuality in particular showing his concerns with human rights discrimination and exclusion It also includes articles and open letters published directly in response to the issues of the time calling for reform in abortion asylum and the death penalty All the pieces here bring a new sense of Foucault's huge influence on the politics of personal freedom

**Michel Foucault** Hubert L. Dreyfus, Paul Rabinow, 2014-06-06 First Published in 1984 This book was born out of a disagreement among friends Paul Rabinow attending a seminar given in 1979 by Hubert Dreyfus and John Searle which concerned among other things Michel Foucault objected to the characterization of Foucault as a typical structuralist This challenge stirred a discussion that led to the proposal of a joint article which soon became a medium length book

*Discipline and Punish* Michel Foucault, 1977 In this brilliant work the most influential philosopher since Sartre suggests that such vaunted reforms as the abolition of torture and the emergence of the modern penitentiary have merely shifted the focus of punishment from the prisoner's body to his soul

**Michel Foucault and the Politics of Freedom** Thomas L. Dumm, 2002-04-03 What is freedom In this study Thomas Dumm challenges the conventions that have governed discussions and debates concerning modern freedom by bringing the work of Michel Foucault into dialogue with contemporary liberal thought While Foucault has been widely understood to have characterized the modern era as being opposed to the realization of freedom Dumm shows how this characterization

conflates Foucault's genealogy of discipline with his overall view of the practices of being free. Dumm demonstrates how Foucault's critical genealogy does not shrink from understanding the ways in which modern subjects are constrained and shaped by forces greater than themselves but how it instead works through these constraints to provide not simply a vision of liberation but a joyous wisdom concerned with showing us in his words that we are much freer than we feel. Both as an introduction to Foucault and as an intervention in liberal theory, Michel Foucault and the Politics of Freedom is bound to change how we think about the limits and possibilities of freedom in late modernity.

This is likewise one of the factors by obtaining the soft documents of this **Michel Foucault Book** by online. You might not require more time to spend to go to the book start as well as search for them. In some cases, you likewise accomplish not discover the pronouncement Michel Foucault Book that you are looking for. It will entirely squander the time.

However below, past you visit this web page, it will be appropriately very easy to acquire as with ease as download lead Michel Foucault Book
