The Iraq Study Group Report The Iraq Study Group,James A. Baker III, Lee H. Hamilton,2006-12-19 On March 15 2006 members from both parties in Congress supported the creation of the bipartisan Iraq Study Group to review the situation on the ground and propose strategies for the way forward For more than eight months the Study Group met with military officers regional experts academics journalists and high level government officials from America and abroad Participants included George W Bush and members of his cabinet Bill Clinton Jalal Talabani Nouri Kamal al Maliki Generals John Abizaid George Casey and Anthony Zinni Colin Powell Thomas Friedman George Packer and many others This official edition contains the Group s findings and proposals for improving security strengthening the new government rebuilding the economy and infrastructure and maintaining stability in the region It is a highly anticipated and essential step forward for Iraq America and the world **Daily Report** ,1991-03 Netherlands Annual Review of Military Studies 2015 Jörg Noll, Daan van den Wollenberg, Frans Osinga, Georg Frerks, Irene van Kemenade,2015-07-27 This book seeks to bridge the gap between academic political and military thinking concerning the success and failure of peacekeeping operations and their

termination Exit strategies have recently gained attention in political military academic and public debates due to the Western engagement in international and intrastate conflicts since the end of the Cold War Yet many of those debates took place separately This volume which is predominantly a joint product of academics and the military of the Faculty of Military Sciences of the Netherlands Defence Academy shows new venues by bridging the putative political military divide Drawing on theory empirics and personal experiences the authors address exits at political strategic operational and tactical levels of current and past military missions and interventions ranging from decolonisation wars to Afghanistan and Iraq Although some of those conflicts are still ongoing valid inferences can be drawn An important one is that exit forms a problem for those who leave and for those who stay While political and military objectives might not have been reached and many of those involved have the feeling that the job is still not yet done the termination of the entire mission or transitions at operational level necessitate both departures and handovers takeovers and are thereby characterised by discontinuities and continuities at the same time It is these dynamics between unfulfilled end states and end dates that in the end lead to the dilemma of leaving All the editors except van den Wollenberg are affiliated with the Faculty of Military Sciences of the Netherlands Defence Academy in Breda the Netherlands J rg Noll is Associate Professor of International Conflict Studies First Lieutenant Air Commodore Frans Osinga is Professor of Military Operational Art and Sciences Georg Frerks is Professor International Security Studies and Irene van Kemenade runs the Research Office of the Faculty Daan van den Wollenberg is Commander of a mechanized artillery platoon of the Netherlands armed forces

The Iraq War Williamson Murray, Robert H. Scales Jr., 2005-09-28 In this unprecedented account of the intensive air and ground operations in Iraq two of America s most distinguished military historians bring clarity and depth to the first major war of the new millennium Reaching beyond the blaring headlines embedded videophone reports and daily Centcom briefings Williamson Murray and Robert Scales analyze events in light of past military experiences present battleground realities and future expectations The Iraq War puts the recent conflict into context Drawing on their extensive military expertise the authors assess the opposing aims of the Coalition forces and the Iraqi regime and explain the day to day tactical and logistical decisions of infantry and air command as British and American troops moved into Basra and Baghdad They simultaneously step back to examine long running debates within the U S Defense Department about the proper uses of military power and probe the strategic implications of those debates for America s buildup to this war Surveying the immense changes that have occurred in America s armed forces between the Gulf conflicts of 1991 and 2003 changes in doctrine as well as weapons this volume reveals critical meanings and lessons about the new American way of war as it has unfolded in Iraq
