The interviews contained within are carefully curated into topics that are most important to film editors and those who aspire to become film editors. The questions asked and the organization of the book are not merely an academic or theoretical view of the art of editing but rather the practical advice and methodologies of actual working film and TV editors bringing benefits to both students and professional readers The book is supplemented by a collection of downloadable online exclusive chapters which cover additional topics ranging from Choosing the Project to VFX In addition to the supplementary chapters access to the full color full resolution images printed in the book and other exclusive images is included Where Custer Fell James S.
