## **Last Train To Memphis The Rise Of Elvis Presley:**

**Last Train To Memphis** Peter Guralnick, 2020-04-30 This is the first of two volumes that make up what is arguably the definitive Elvis biography Rich in documentary and interview material this volume charts Elvis early years and his rise to fame taking us up to his departure for Germany in 1958 Of all the biographies of Elvis this is the one you will keep coming back to Excerpted from Last Train to Memphis Peter Guralnick, 1994 **Last Train to Memphis** Peter

Guralnick, 2026-04-23 Written with grace humour and affection Last Train to Memphis has been hailed as the definitive biography of Elvis Presley Elvis steps from the pages You can feel him breathe BOB DYLAN Wonderful RODDY DOYLE Soars above all other accounts of Elvis Guardian A triumph of biographical art profound and moving New York Times Last Train to Memphis is arguably the first serious biography that refuses to dwell on the myth of Elvis Aiming instead to portray in vivid dramatic terms the life and career of this outstanding artistic and cultural phenomenon it draws together a plethora of documentary and interview material to create a superbly coherent and plausible narrative The first of two volumes covering Presley's rise to prominence up to his departure for Germany in 1958 Last Train to Memphis is undoubtedly the benchmark by which other biographies of him are judged *Last Train to Memphis - Elvis Presley - Sein Aufstieg 1935-1958* Peter Guralnick, 2005 **Last Train to Memphis B D/Bx18 Hd** Peter Guralnick, 1995-11-02 From the moment that he first shook up the world in the mid 1950s Elvis Presley has been one of the most vivid and enduring myths of American culture Last Train to Memphis The Rise of Elvis Presley is the first biography to go past that myth and present an Elvis beyond the legend Based on hundreds of interviews and nearly a decade of research it traces the evolution not just of the man but of the music and of the culture he left utterly transformed creating a completely fresh portrait of Elvis and his world This volume tracks the first twenty four years of Elvis life covering his childhood the stunning first recordings at Sun Records That's All Right Mystery Train and the early RCA hits Heartbreak Hotel Hound Dog Don't Be Cruel These were the years of his improbable self invention and unprecedented triumphs when it seemed that everything that Elvis tried succeeded wildly There was scarcely a cloud in sight through this period until in 1958 he was drafted into the army and his mother died shortly thereafter The book closes on that somber and poignant note Last Train to Memphis takes us deep inside Elvis life exploring his lifelong passion for music of every sort from blues and gospel to Bing Crosby and Mario Lanza his compelling affection for his family and his intimate relationships with girlfriends mentors band members professional associates and friends It shows us the loneliness the trustfulness the voracious appetite for experience and above all the unshakable almost mystical faith that Elvis had in himself and his music Drawing frequently on Elvis own words and on the recollections of those closest to him the book offers an emotional complex portrait of young Elvis Presley with a depth and dimension that for the first time allow his extraordinary accomplishments to ring true The Emergence of Rock and Roll Mitchell K. Hall, 2014-05-09 Rock and roll music evolved in the United States during the late 1940s and 1950s as a combination of African American blues country pop

and gospel music produced a new musical genre Even as it captured the ears of the nation rock and roll was the subject of controversy and contention The music intertwined with the social political and economic changes reshaping America and contributed to the rise of the youth culture that remains a potent cultural force today A comprehensive understanding of post World War II U S history would be incomplete without a basic knowledge of this cultural phenomenon and its widespread impact In this short book bolstered by primary source documents Mitchell K Hall explores the change in musical style represented by rock and roll changes in technology and business practices regional and racial implications of this new music and the global influences of the music **The Emergence of Rock and Roll** explains the huge influence that one cultural moment can have in the history of a nation

**The Seeker King** Gary Tillery,2013-10-01 A woman in the audience once handed Elvis a crown saying You re the King No honey Elvis replied There is only one king Jesus Christ I m just a singer Gary Tillery presents a coherent view of Elvis s thoughts through such anecdotes and other recorded facts We learn for instance that Elvis read thousands of books on religion that his crisis over making bimbo movies like *Girl Happy* led him to writers such as Gurdjieff Krishnamurti and Helena Blavatsky and that while driving in Arizona an epiphany he had inspired him to learn Hindu practice Elvis came to believe that the Christ shines in everyone and that God wanted him to use his light to uplift people And so he did Elvis s excesses were as legendary as his generosity yet despite his lethal reliance on drugs he remained ever spiritually curious When he died he was reading *A Scientific Search for the Face of Jesus* This intimate objective portrait inspires new admiration for the flawed but exceptional man who said All I want is to know and experience God I m a searcher that s what I m all about

media and the rise of a Cold War culture that endorsed traditional values to guard against communism Richard Aquila's book demonstrates that early rock roll was not as rebellious as common wisdom has it The new sound reflected the conservatism and conformity of the 1950s as much as it did the era's conflict Rock roll supported centrist politics traditional values and mainstream attitudes toward race gender class and ethnicity The musical evidence proves that most teenagers of the 1950s were not that different from their parents and grandparents when it came to basic beliefs interests and pastimes Young and old alike were preoccupied by the same concerns tensions and insecurities Rock roll continues to permeate the fabric of modern life and understanding the music's origins reminds us of the common history we all share Music lovers who grew up during rock roll's early years as well as those who have come to it more recently will find *Let's Rock* an exciting historical and musical adventure
