Lacoma, 2012-02-29 ABOUT THE BOOK So you're on a diet That's a great start but you know how it goes right First come the exciting cookbooks and articles then the planning and dreaming about diet goals slimming down bulking up making just the right amount of muscle show all the cliches Then comes the diet itself and suddenly those plans slam into a wall made out of hunger boredom late nights and lost willpower There's a reason people bounce around from diet to diet so often Those delicious foods you've been accustomed to eating from the bag of chips to the extra chicken nugget are programmed into your body When you stop following the old program your digestive system and brain rally to complain and suddenly you're tempted to return to the old balance by adding fats sweets salty snacks and all those other tasty bites you're not supposed to eat In other words junk food happens Here's the good news not all junk food is manufactured to be equal Even if you break

your diet you can break in the right way and still eat fewer calories than before Fewer calories equals weight lost and you still win the diet game The even better news There are both psychological and scientific reasons why junk food can maybe even should be an important part of any basic diet The key is proper planning while making sure your junk food passes the right health tests So when that old hungry feeling hits again don't try to force it away Set aside part of your diet to deal with it because many junk foods will not really ruin your diet Some snacks even have hidden health benefits if you know what to look for Adding a few hundred calories here and there may be one of the best food decisions you have every made You'll be amazed what you can eat to satisfy your off diet cravings while still losing those pounds MEET THE AUTHOR Tyler Lacoma writes on business environmental and fitness topics but squeezes in some time for fiction too He graduated from George Fox University and lives in beautiful Oregon where he fills spaces between writing with outdoor fun loud music and time with family and friends EXCERPT FROM THE BOOK All dieters know the feeling It hits in the afternoons or at the end of a stressful day or every weekend like clockwork Suddenly you need to have a food and your brain doesn't care about anything else This is the perfect time to use your junk food hall pass but try to tailor your food to the craving you are feeling Here are a few good ideas Salty When breaking free from high sodium foods the sort Americans love or taking your cardio workout to the next level salt cravings are natural Salted almonds are a fantastic craving killer here because they contain vitamin E healthy fats and nutrients that encourage your body to keep burning fat Buy a copy to keep reading
