**Blackballed** Lawrence Ross, 2025-06-25 College is a word that means many things to many people a space for knowledge a place to gain lifelong friends and an opportunity to transcend one's socioeconomic station Today though this word also recalls a slew of headlines that have revealed a dark and persistent world of racial politics on campus Does this association disturb our idealized visions of what happens behind the ivied walls of higher learning It should because campus racism on college campuses is as American as college football on Fall Saturdays From Lawrence Ross author of *The Divine Nine* and the leading expert on sororities and fraternities *Blackballed* is an explosive and controversial book that rips the veil off America's hidden secret America's colleges have fostered a racist environment that makes them a hostile space for African American students *Blackballed* exposes the white fraternity and sorority system with traditions of racist parties songs and assaults on black students and the universities themselves who name campus buildings after racist men and women It also takes a deep dive into anti-affirmative action policies and how they effectively segregate predominately white universities providing ample room for white privilege A bold mix of history and the current climate *Blackballed* is a call to action for universities to make radical changes to their policies and standards to foster a better legacy for all students

**Pledged** Alexandra Robbins,2011-05-24 Alexandra Robbins wanted to find out if the stereotypes about sorority girls were actually true so she spent a year with a group of girls in a typical sorority The sordid behavior of sorority girls exceeded her worst expectations drugs psychological abuse extreme promiscuity racism violence and rampant eating disorders are just a few of the problems But even more surprising was the fact that these abuses were inflicted and endured by intelligent successful and attractive women Why is the desire to belong to a sorority so powerful that women are willing to engage in this type of behavior especially when the women involved are supposed to be considered sisters What definition of sisterhood do many women embrace Pledged combines a sharp eyed narrative with extensive reporting and the fly on the wall voyeurism of reality shows to provide the answer *The Rise and Fall of Modern Black Leadership* H. Viscount Nelson,2003-05-13 The Rise and Fall of Modern Black Leadership is designed to show how black leaders responded to the omnipresent racism of twentieth century America Although the efforts of black leadership eventually succeeded in eradicating de jure discrimination and brought the nation closer to realizing the idealized tenets of American democracy their achievements occurred at a cost to their influence as leaders of the entire race Synopses appear on the lives of the influential men and women who comprised the leadership cadre so that readers can understand the motives underlying leadership goals and comprehend why the lofty objectives of the Civil Rights Movement remain unfulfilled

consumption wish fulfillment and a world of make believe While Frazier published four additional books after 1948 *Black Bourgeoisie* remained by far his most controversial Given his status in American sociology there has been surprisingly little study of Frazier's work In *E Franklin Frazier and Black Bourgeoisie* a group of distinguished scholars remedies that lack focusing on his often scorned *Black Bourgeoisie* This in depth look at Frazier's controversial publication is relevant to the growing concerns about racism problems in our cities the limitations of affirmative action and the promise of self help
