

Four Spiritual Laws

1. LAW ONE

God loves you and has a wonderful plan for your life.

2. LAW TWO

Man is sinful and separated from God. Therefore , he can not know and experience God's love and plan for his life.

3. LAW THREE

Jesus Christ is God's ONLY provision for man's sin. Through Him you can know and experience God's love and plan for your life.

4. LAW FOUR

We must individually receive Jesus Christ as Savior and Lord. Then we can know and experience God's love and plan for our lives.

Laws Of The Spiritual Life:

Laws of the Spiritual Life Rev. B. W. Maturin, 1915 *Laws of the Spiritual Life* Basil William Maturin, 1916 *LAW OF THE SPIRITUAL LIFE* BASIL WILLIAM. MATURIN, 2018 **The Spiritual Laws of Life** Harold Klemp, 2017-06-14 There exist wonderful truths spiritual laws that nourish us one and all Laws of wisdom freedom and charity or divine love How can we shape our lives and destiny to live in harmony with them As awakened captains of our destiny we can meet today's challenges in a more relaxed and happy way The spiritual laws of life give us the many resources to make the very best decision at any one moment Read Harold Klemp's groundbreaking book Watch a new vista of understanding open for you You've not seen the likes of it Learn how to keep in tune with your true spiritual nature Suddenly you're living a full exciting life of greater love energy and wonder Do you wish to open a door to the hidden spiritual truths that uplift us all Then come along Open these pages and enjoy the adventure Eckankar is a modern day spiritual teaching with ancient roots founded in 1965 by Paul Twitchell Harold Klemp is the current spiritual leader of Eckankar since 1981 **He's God and We're Not: The Seven Laws of the Spiritual Life** Ray Pritchard, Several years ago Pastor Ray Pritchard set out on a journey The destination of his journey was to discover the basic laws of the Christian's life Not surprisingly his journey began and ended in the same place God Romans 11:36 poetically proclaims for from Him and through Him and to Him are all things All spirituality flows from a correct perspective of God and all heresy begins with a misunderstanding of God From this beginning Pastor Ray compiled the Seven Laws of the Spiritual Life These laws are the basic truths that every believer needs to know in order to have a healthy relationship with God **Laws of the Spiritual Life** Basil William Maturin, 1907

Laws of the Spiritual Life B. Maturin, Brother Hermenegild, 2014-11-05 This work discusses the spiritual life from the viewpoint of the beatitudes ONE of the greatest achievements of the human mind in modern times has been the discovery that underlying and controlling all the apparently disconnected phenomena of nature is Law For ages the universe presented to men a vast panorama of constant change each of its phenomena standing alone some of these changes coming in orderly sequence many of them apparently capricious The silent heavens and the storm swept earth what had they to say to one another The seasons marched with steady tread but often indeed interrupted and held back by violent outbursts that betokened the presence of some angry God But why the changes followed in regular sequence was known no more than why the sun rose and set or why the wind blew from north or south It has been the result of careful and patient study to discover that underlying and causing all the phenomena of Nature and governing all her actions there is Law Caprice gives way the more we know her to order and order is the result of Law We feel so sure of this now that we are certain that her most fitful moods and her most exceptional acts can be reduced to the controlling power of law Of some of the laws as yet we know little or nothing but of their existence we have no doubt Indeed so great is the change that has passed over the human mind within the last few years that it would baffle the imagination of a man of ordinary education to conceive of any part of the universe

however distant in which Law did not reign Through the length and breadth of her vast domain into the minutest parts of her system like nerves in the human body run the forces that rule her alike in the infinitely small or in the infinitely great and as the nerves convey the commands of the will so behind these forces stands a mighty Will whose rule they represent and carry out
