LBJ: From Mastermind to "The Colossus" Phillip F. Nelson, 2014-11-18 Phillip F Nelson's new book begins where LBJ The Mastermind of the JFK Assassination left off. Now president Johnson begins to push Congress to enact long dormant legislation that he had previously impeded, always insisting that the timing wasn't right. Nelson argues that the passage of Johnson's Great Society legislation was designed to take the focus of the nation off the assassination as well as lay the groundwork for building his own legacy. Nelson also examines Johnson's plan to redirect US foreign policy within days of becoming president as he maneuvered to insert the US military into the civil war being fought in Vietnam. This he thought would provide another means to achieve his goal of becoming a great wartime president. In addition, Nelson presents evidence to show that the Israeli attack on the USS Liberty in 1967 was arguably directed by Johnson against his own ship and the 294 sailors on board as a way to insert the US military into the Six Day War. It only failed because the Liberty refused to sink. Finally, Nelson presents newly discovered documents from the files of Texas Ranger Clint Peoples that prove Johnson was closely involved with Billie Sol Estes and had made millions from Estes's frauds against taxpayers. These papers show linkages to Johnson's criminal behavior, the very point that his other biographers ignore. Skyhorse Publishing as well as our Arcade imprint are proud to publish a broad range of books for readers interested in history books about World War II, the Third Reich, Hitler and his henchmen, the JFK assassination conspiracies, the American Civil War, the American Revolution, gladiators, Vikings, ancient Rome, medieval times, the old West, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

LBJ Phillip F. Nelson, 2011-10-20 LBJ aims to expose Vice President Johnson's active role in the assassination of President Kennedy and how he began planning his takeover of the U S presidency even before being named the vice presidential nominee in 1960 Lyndon B Johnson's flawed personality and character traits were formed when he was a child and grew unchecked for the rest of his life as he suffered severe bouts of manic depression and bipolar disorder He successfully hid this disorder from the public as he bartered stole and finessed his way through the corridors of power on Capitol Hill though records have been uncovered proving some of his aides knew of his mental illness Phillip F Nelson after years of researching Johnson and the JFK assassination concludes that during his vice presidency Johnson suffered progressively stronger bouts of mental collapse as he was busy undermining Kennedy's domestic and foreign policy initiatives for the purpose of cunningly saving them for his own legacy His involvement with JFK's assassination is conclusively drawn with both text and photographic evidence showing Johnson's knowledge of when and where the assassination would take place Nelson's careful and meticulous research has led him to uncover secrets from one of the greatest unsolved mysteries in our country's history
