More Than Passion:

Passion's Triumph Over Reason Christopher Tilmouth, 2010-11-11 Christopher Tilmouth presents an accomplished study of Early Modern ideas of emotion self indulgence and self control in the literature and moral thought of the late 16th and 17th centuries 1580 to 1680 Passion Capital Paul Alofs, 2012 Passion Capital is a revolutionary asset that will completely change your idea of how to build long term success for your career company or cause Ask leaders in any country this essential question What is your most valuable asset and they may suggest one of three traditional forms of capital financial human or intellectual These are intelligent well meaning answers but they are also completely wrong More valuable than money human resources and intellectual property Passion Capital is what separates leaders from followers and innovators from imitators It is the foundation upon which all other forms of capital are built Passion is an emotion but Passion Capital is tangible It is the energy intensity and sustainability leaders use to build lasting value and competitive advantage Organizations that possess Passion Capital Apple Johnson Johnson Four Seasons Hotels the Montreal Canadiens among others lead their sectors while those that rely on established forms of capital may get stuck in neutral and fail to achieve their full potential Passion Capital presents seven principles for growing and investing in this new asset class and includes over fifty insightful stories drawn from business not for profit the arts sector and politics In this groundbreaking book veteran business leader Paul Alofs ushers in a whole new way of thinking about the very definition of success and reveals how to acquire the world's most valuable asset and apply it to your career company or cause **Life's Lies** Berk Efe, 2025-09-29 A philosophical and deeply emotional reflection on modern life and the illusions that shape it For readers who seek meaning beyond success comfort and routine Life's Lies invites you to see the truth behind the world's most familiar words Since childhood we've been told the same sentences Work hard Be successful Be happy Be yourself But what if every one of those lines was designed not to set us free but to keep us obedient Life's Lies unravels the most sophisticated illusions of modern life happiness success freedom education love and time It's a book about the courage to face yourself It doesn't offer ready made answers but with every chapter it opens a quiet door for you to find your own Because sometimes recognizing a lie transforms us more than discovering a truth As you turn the pages you'll begin to see Success can be a chain Happiness can be a mask Knowledge can be a shadow And perhaps freedom has never meant knowing everything but daring to live without lies Written for those who are tired of pretending who can no longer silence the quiet voice within Life's Lies is a mirror that doesn't flatter but finally shows what's real **Passion and Criminality** Louis Proal, 1905

Rebounders Rick Newman, 2012-05-01 Let's face it Setbacks happen and failure is always a possibility But here's the good news Amazing success has been achieved by people who once fell flat on their faces The secret lies in how we respond to life's bumps and pot holes and unwelcome detours from getting fired or losing a business to enduring a professional rejection or pursuing a passion that fails to pan out Misfortune it turns out can be a springboard to success In Rebounders U

S News World Report journalist Rick Newman examines the rise and fall and rise again of some of our most prolific and productive figures in order to demystify the anatomy of resilience He identifies nine key traits found in people who bounce back that can transform a setback into the first step toward great accomplishment Newman turns many well worn axioms on their head as he shows how virtually anybody can improve their resilience and get better at turning adversity into personal and professional achievement Setbacks can be a secret weapon They often teach vital things you ll never learn in school on the job or from others There are smart ways to fail Once familiar with them you ll be more comfortable taking risks and less discouraged if they don t pan out Defensive pessimism trumps optimism Planning for what could go wrong is often the best way to ensure that it doesn t Know when to quit Walking away at the right time can free the resources you need to exploit better opportunities Own the suck When faced with true hardship taking command of the pain and sorrow rather than letting it command you lays the groundwork for ultimately rising above it Each lesson is highlighted by candid and inspiring stories from notable people including musician Lucinda Williams tennis champ James Blake inventor Thomas Edison army veteran and double amputee Tammy Duckworth and Joe Torre former manager of the New York Yankees In this uncertain and unstable time Rebounders lays out the new rules for success and equips you with the tools you need to get ahead and thrive
