**Triumph Over Trauma** Gloria C. Lindsay, 2006-12-29 This book has been on my mind for many years My daughter lost oxygen at birth and had to be placed in intensive care By working with her to help her excel intellectually and physically I have learned that babies and toddlers can absorb far greater knowledge and understanding than many of us realize Indeed learning does begin in infancy and we as parents can greatly enhance this process My baby experienced birth trauma but the opportunities are there whether your child has trauma or has a completely normal birth All the unbounded possibilities exist through teaching your little one the joy of learning as a lifelong habit This book illustrates what can be done The Triumph of Ignorance and Bliss James Polk, 2008 A brilliant analysis which shows that North Americans have largely abandoned the public sphere for the sake of individual fortune In *The Triumph of Ignorance and Bliss* Polk examines the foundations of a culture that he sees as favouring firepower over diplomacy passions from the pulpit over rational critique and the star appeal of media idols over a debate about the real problems Where engaged public discourse should channel effective dissent there is ignorance where public outrage should ignite corrective action to oppose the blatant wrongs there is bliss Polk portrays a society sidetracked by television inspired fantasies of fame fun and perfect bodies where public school systems are close to collapse where millions live without health insurance where tax policies openly favour the wealthiest where corporations brazenly take control not only of decision making processes but also of the very means by which issues content and public priorities are defined where the optimism of the past has been replaced by a sense of despair and foreboding because of abuses of trust James Polk's portrait of America is riveting his arguments are sound and convincing An important fascinating book written with a strong message Norm Goldman Bookpleasures.com Table of Contents Preface Chapter 1 Nowhere In Suburbia Chapter 2 Starbucks And The Public Sphere Chapter 3 Onward Christian Taliban Chapter 4 America Means Business Chapter 5 God's Own People Chapter 6 The Evil Of Banality Chapter 7 The Fading American Empire Index James Polk holds a PhD in philosophy for his work on Kant and Heidegger Other publications include essays and translations in social philosophy and comparative social history He teaches at the University of Southern California 2008 256 pages 6x9 bibliography and index **Interchange Level 3 Teacher's Edition with Assessment Audio CD/CD-ROM** Jack C.
