Variables, signs and operations  
Is what complete an equation  
Math is fun, as long as you focus on the discussion  
All problems have solution.

Math subject is difficult  
But it needs to be figured out  
It is full of problems  
That we need to solve and write.

Simple math includes the basics  
Algebra is a little hard,  
It needs all your attention  
In order to be figured out.

Variables, signs and operations  
Is what complete an equation  
Math is fun, as long as you focus on the discussion  
All problems have solution.

In reality, you're over with your ex  
But in Math, you keep on finding what is  $x$ .  
You can't move on with the next problem  
If the  $x$  is still not found.

We started with addition, subtraction, multiplication and division  
As we move forward, it gives a lot of confusion  
Solving an equation and proving your solution  
Gives relief and unexplainable emotion.

Variables, signs and operations  
Is what complete an equation  
Math is fun, as long as you focus on the discussion  
All problems have solution.
