How do you test a defibrillator in Rawanda
 How can you use a piece of chicken to test an electrosurgery unit
 How can you test the billi lights before releasing them for use on infants when you have no photometer
 These are the types of questions and answers that an engineer working in a developing world hospital needs every day
 The proper test equipment isnt available and the hospital has a desperate need
 You can neither release the equipment without testing nor deny the clinical team the only piece of equipment that could help the patient
 This book provides the kinds of practical testing and repairing suggestions that engineers can use when in a poorly equipped hospital far from a clinical engineering department
