Learning from Museums John H. Falk, Lynn D. Dierking, 2018-10-16 This is the second edition of John H Falk and Lynn D Dierking's ground breaking book Learning from Museums While the book still focuses on why how what when and with whom people learn from their museum experiences the authors further investigate the extension of museums beyond their walls and the changing perceptions of the roles that museums increasingly play in the 21st century with respect to the publics they serve and those they would like to serve This new edition offers an updated and synthesized version of the Contextual Model of Learning as well as the latest advances in free choice learning research theory and practice in order to provide readers a highly readable and informative understanding of the personal sociocultural and physical dimensions of the museum experience Falk and Dierking also fill in gaps in the 1st edition Falk's research focuses increasingly on the self related needs that museums meet and these findings enhance the personal context chapter Dierking's work delves deeply into the macro sociocultural dimensions of learning a topic not discussed in the sociocultural chapter in the first edition Emphasizing the
