Joan Miro Painting And Anti Painting 1927 1937:

Joan Miró Joan Miró, 2008 Taking Joan Miró's notorious declaration of 1927 'I want to assassinate painting as its point of departure' this richly illustrated volume is the first to focus on Miró the anti painter identifying the core practices and strategies the artist used to challenge painting between 1927 and 1937 **Joan Miró Painting and Anti Painting 1927 1937** surveys the various material iconographical and rhetorical forms of Miró's attacks on painting by presenting in chronological sequence 12 distinct series of works beginning with a remarkable group of paintings on unprimed canvas and concluding with Miró's return to Realism in *Still Life with Old Shoe* 1937 Acidic color grotesque disfigurement stylistic heterogeneity and the use of resistant ready made materials are among the key tactics of aggression that are explored in this extraordinary presentation of the interrelated and oppositional series of paintings collages objects and drawings Miró produced during this crucial decade of his long career This volume integrates close scrutiny of Miró's materials and processes with historical and iconographic analysis leading to an expanded understanding of the underappreciated aggressiveness of an artist long regarded as Surrealism's most lyrical painter poet Joan Miró was born in 1893 in Barcelona After his first trip to Paris in 1920 and through 1931 Miró generally spent half of each year in the French capital and half in his native Catalonia returning to live in France after the outbreak of the Spanish Civil War in 1936 One of the twentieth century's greatest Modern artists Miró created a pictorial world of intense imaginative power in which visionary and cosmic elements are inextricably intertwined with the earthly and mundane He died in 1983 in Palma de Mallorca Spain **Joan Miró** Joan Miró, 2008 **Joan Miro. Painting and Anti-painting 1927-1937** Anne Umland, 2008 **Joan Miró** Anne Umland, Jim Coddington, 2008 **Historic Avant-Garde Work on Paper** Sascha Bru, 2024-03-13 This book examines the many functions of paper in the fine art and aesthetics of the early twentieth century modernist or historic avant garde Expressionism Cubism Futurism Dadaism Surrealism Constructivism and many more With its many collages and photomontages the historic avant garde is generally considered to have transformed paper from a mere support into an artistic medium and to have assisted in art on paper gaining a firm autonomy Bringing together an international team of scholars this book shows that the story of paper in the avant garde has thereby hardly been told The first section looks at a selection of canonized individual avant gardists work on paper to demonstrate that the material and formal analysis of paper in the avant garde's artistic production still holds much in store In the second section chapters zoom in on forms and formats of collective artistic production that deployed paper to move around reproductions of fine art works to facilitate the dialogue between avant gardists to better promote their work among patrons and to make their work available to a wider audience Chapters in the third section lay bare how certain groups within the avant garde began to massively create monochrome works because these could be easily reproduced when transferred to or reproduced as linocuts In the last section of the book chapters explore how the avant garde's attentiveness to paper almost always also implied a critique of the ways in which paper and all that it stood for was treated and labored in

European culture and society more broadly The book will be of interest to scholars working in art history modernism and design *The Turn to Provisionality in Contemporary Art* Raphael Rubinstein,2023-01-12 In his influential essay Provisional Painting Raphael Rubinstein applied the term provisional to contemporary painters whose work looked intentionally casual dashed off tentative unfinished or self cancelling who appeared to have deliberately turned away from strong painting for something that seemed to constantly risk failure or inconsequence In this collection of essays Rubinstein expands the scope of his original article by surveying the historical and philosophical underpinnings of provisionality in recent visual art as well as examining the works of individual artists in detail He also engages crucial texts by Samuel Beckett and philosopher Gianni Vattimo Re examining several decades of painting practices Rubinstein argues that provisionality in all its many forms has been both a foundational element in the history of modern art and the encapsulation of an attitude that is profoundly contemporary

Surrealist Landscape in the American West Samantha Kavky,2025-12-16 Focusing on the period of the Second World War this book explores the emergence of surrealist landscape as a genre throughout the period of surrealist exile in the Americas By positioning surrealist landscape within the formal iconographic and theoretical strategies of the larger movement as well as within the historical context of war and exile the volume encompasses critical and historical discussions from a broad spectrum of interrelated fields including psychology anthropology military history art history and ecocriticism Central to this book are the landscapes of Max Ernst who along with transplanted European surrealists Wolfgang Paalen and Kurt Seligmann revitalized a Romantic image of the American landscape and its indigenous peoples divorced from and as a challenge to European nationalism American surrealists Dorothea Tanning and Kay Sage challenged traditional analogies between the earth and the female body retained by their male partners Other European surrealists such as Salvador Dal and Yves Tanguy perpetuated the appropriation of the desert as a generic space for visionary projection The book will be of interest to scholars working in art history surrealism ecocriticism American studies and feminist studies

Transfixed by Prehistory Maria Stavrinaki,2022-05-24 An examination of how modern art was impacted by the concept of prehistory and the prehistoric Prehistory is an invention of the late nineteenth century In that moment of technological progress and acceleration of production and circulation three major Western narratives about time took shape One after another these new fields of inquiry delved into the obscure immensity of the past first to surmise the age of the Earth second to find the point of emergence of human beings and third to ponder the age of art Maria Stavrinaki considers the inseparability of these accounts of temporality from the disruptive forces of modernity She asks what a history of modernity and its art would look like if considered through these three interwoven inventions of the longue dur e Transfixed by Prehistory attempts to articulate such a history which turns out to be more complex than an inevitable march of progress leading up to the Anthropocene Rather it is a history of stupor defamiliarization regressive acceleration and incessant invention since the new was also found in the deep sediments of the Earth Composed of as much speed as slowness as much

change as deep time as much confidence as skepticism and doubt modernity is a complex phenomenon that needs to be rethought Stavrinaki focuses on this intrinsic tension through major artistic practices C zanne Matisse De Chirico Ernst Picasso Dubuffet Smithson Morris and contemporary artists such as Pierre Huyghe and Thomas Hirschhorn philosophical discourses Bataille Blumenberg and J nger and the human sciences This groundbreaking book will attract readers interested in the intersections of art history anthropology psychoanalysis mythology geology and archaeology **Miró** Carmen Fernández Aparicio, Belén Gálan Martín, Jesús Guerrero-Strachan, Charles Palermo, Portabella, Pere, 2014 A compelling new look at the late works by one of art history s most renowned and inventive modern artists This groundbreaking publication offers a reassessment of renowned modernist Joan Mir s late career works created between 1963 and 1981 This body of work almost entirely unknown in the United States showcases Mir s exceptional ingenuity as both a painter and sculptor Mir The Experience of Seeing includes color illustrations of nearly 50 paintings drawings and sculptures that show the breadth and contrast of this body of work from bold colorful canvases with expressive gestures to the most minimal calligraphic markings on white fields His sculptures made of found objects are a revelation Comparisons between paintings and sculptures highlight startling connections between shapes and symbols that Mir used in each medium These mature works represent the culmination of the artist s development of an innovative and personal visual language Engaging texts including a contribution by noted Spanish filmmaker Pere Portabella explain Mir s role as a political figure and his quest to speak about the most intangible subjects through the materiality of objects and the painted gesture This important new examination of Mir s later work allows for a richer deeper understanding of this significant modern artist s distinguished career Published in association with the Seattle Art Museum in collaboration with the Museo Nacional Centro de Arte Reina Sofia Exhibition Schedule Seattle Art Museum 02 13 14 05 25 14 The Nasher Museum of Art 09 11 14 02 22 15 Denver Art Museum 03 22 15 06 28 15 **Joan Miró** Jacques Dupin, Joan Miró, 2009 Considered one of the great artist of the 20th century Joan Miro has bequeathed us a definitive body of work whose influence has continued to grow over the years Miro did not paint dreams but instead through his works provided the spectator with certain elements so that he would be the one that dreamed He never worked under the influence of hypnosis drugs or alcohol Nevertheless his artistic personality and the way he represented on canvas what inspiration dictated to him led Andr Breton to exclaim Miro is the most surrealist of us all A creative force in the plastic field who felt an equal passion for the word for the most daring poetic plays a lover of objects and the bare truth of materials Miro always revealed himself as an oneiric artist a seeeker after the constellations that inspired some of his finest works Jacques Dupin the main authority in Miro work details all those items in his amazing essay The Birth of Signs 72 illustrations **Vanity Fair** , 2008 The New Yorker , 2008 *Cahiers du Musée national d'art moderne* Musée national d'art moderne (France), 2015 Blueprint , 2008 Time Out Shortlist New York Editors of Time Out, 2008-10 In the city that never sleeps keeping up with the newest skyscrapers museum makeovers and celebrity chefs let alone unearthing the
