

# Informational Text

This week we have been reading an informational book from our reading series about shapes. We have also been reading Fire Fire by Gail Gibbons. After learning why we read informational text and the elements that make up the text, we decided to write our own informational text.

First, we took pictures of shapes around our school. We then decided how we wanted to organize our book. We decided on a table of contents. The students then arranged the pictures on the pages and we created headings and labels. We then decided what we should include in our Glossary. This was such a great activity to help them remember what to look for in an informational text.

Glossary	Table of Contents
Circle - curved line	Circles 2
Triangle - Three sides and three vertices	Triangles 4
Rectangle - Four sides and four vertices	Rectangles 6
Special rectangle called a square - Four equal sides and four vertices	Special Rectangles called Squares 8
