

My Best Friend Essay

The world looks dark without a true Friend. I am fortunate that I have a best friend. Her name is Riya. We are friends since childhood. Riya is my class fellow. She is a soft-spoken girl. She is tall and good-looking. She is sincere and attentive in her studies. She belongs to a middle-class family. Riya is a disciplined and obedient girl. Her hobbies are drawing, singing, and dancing. Everyone admires her because of her good behavior. Her aim in life is to be a doctor. Riya and I study and play together. We share our secrets, happiness, and sadness with each other. I feel really lucky to have her as my best friend. May God give everyone a friend like Riya.

Some of My Best Friends Tajja Isen, 2022-04-19 Named One of the Best Books of the Year by The Globe and Mail Toronto Daily Hive and Electric Literature A fearless and darkly comic essay collection about race justice and the limits of good intentions In this stunning debut collection Catapult editor in chief and award winning voice actor Tajja Isen explores the absurdity of living in a world that has grown fluent in the language of social justice but doesn't always follow through These nine daring essays explore the sometimes troubling and often awkward nature of that discord *Some of My Best Friends* takes on the cartoon industry's pivot away from colorblind casting the pursuit of diverse representation in the literary world the law's refusal to see inequality and the cozy fictions of nationalism Isen deftly examines the quick cosmetic fixes society makes to address systemic problems and reveals the unexpected ways they can misfire In the spirit of Zadie Smith Cathy Park Hong and Jia Tolentino Isen interlaces cultural criticism with her lived experience to explore the gaps between what we say and what we do what we do and what we value what we value and what we demand *Some of My Best Friends Are Human* Liz J. Andersen, 2019-02-25 In an underground orphan center on an overpopulated planet Tajen Jesmuhr dreams of freedom in a distant wilderness under an open sky So when offered an interplanetary ecology class with offworld field trips Taje leaps at the chance But Taje isn't the only misfit here where everyone has a tragic past and hidden wounds and she soon clashes with her teacher and her classmates including A boy with a frightening secret who lost his family to a terrorist plague A crafty female human alien chimera whose parents disappeared in a paraspace accident And a boy with a hidden past and a dead father he still hates All may have promising careers ahead of them but only if they can learn to trust themselves and one another enough to survive an uncaring system and a deadly final exam Andre Norton believed in this story and anyone young and old who loves science fiction with interesting characters alien animals and interplanetary adventures without war will enjoy it too *Some of My Best Friends* A. Nolder Gay, 1990 **Power Practice: Traits of Good Writing, Gr. 6-8, eBook** Carla Hamaguchi, 2004-09-01 Offers exercises for brainstorming main ideas and details using descriptive words sequencing recognizing cause and effect and using correct punctuation *Talking Texts* Rosalind Horowitz, 2017-09-25 This volume examines how oral and written language function in school learning and how oral texts can be successfully interconnected to the written texts that are used on a daily basis in schools Rather than argue for the prominence of one over the other the goal is to help the reader gain a rich understanding of how both might work together to create a new discourse that ultimately creates new knowledge *Talking Texts* Provides historical background for the study of talk and text Presents examples of children's and adolescents' natural conversations as analyzed by linguists Addresses talk as it interfaces with domains of knowledge taught in schools to show how talk is related to and may be influenced by the structure language and activities of a specific discipline Bringing together seminal lines of research to create a cohesive picture of discourse issues germane to classrooms and other learning settings this volume is an essential resource for researchers graduate students classroom
