**Home Production of Quality Meats and Sausages**, 2012-03-21 There has been a need for a comprehensive one volume reference on the manufacture of meats and sausages at home There are many cookbooks loaded with recipes which do not build any foundation for the serious hobbyist to follow This leaves him with little understanding of the sausage making process and afraid to introduce his own ideas There are professional books that are written for meat plant managers or graduate students unfortunately these works are written in such difficult technical terms that most of them are beyond the comprehension of an average person Home Production of Quality Meats and Sausages bridges the gap that exists between highly technical textbooks and the requirements of the typical hobbyist In order to simplify this gap to the absolute minimum technical terms were substituted with their equivalent but simpler terms and many photographs drawings and tables were included The book covers topics such as curing and making brines smoking meats and sausages U S Standards making fresh smoked emulsified fermented and air dried products making special sausages such as head cheeses blood and liver sausages low salt low fat and Kosher products hams bacon butts and loins poultry fish and game creating your own recipes and much more To get the reader started 172 recipes are provided which were chosen for their originality and historical value They carry an enormous value as a study material and as a valuable resource on making meat products and sausages Although recipes play an important role in these products it is the process that ultimately decides the sausage quality It is perfectly clear that the authors don't want the reader to copy the recipes only We want him to understand the sausage making process and we want him to create his own recipes We want him to be the sausage maker

Wright,1999-10-20 A groundbreaking culinary work of extraordinary depth and scope that spans more than one thousand years of history A Mediterranean Feast tells the sweeping story of the birth of the venerated and diverse cuisines of the Mediterranean Author Clifford A Wright weaves together historical and culinary strands from Moorish Spain to North Africa from coastal France to the Balearic Islands from Sicily and the kingdoms of Italy to Greece the Balkan coast Turkey and the Near East The evolution of these cuisines is not simply the story of farming herding and fishing rather the story encompasses wars and plagues political intrigue and pirates the Silk Road and the discovery of the New World the rise of capitalism and the birth of city states the Crusades and the Spanish Inquisition and the obsession with spices The ebb and flow of empires the movement of populations from country to city and religion have all played a determining role in making each of these cuisines unique In A Mediterranean Feast Wright also shows how the cuisines of the Mediterranean have been indelibly stamped with the uncompromising geography and climate of the area and a past marked by both unrelenting poverty and outrageous wealth The book s more than five hundred contemporary recipes which have been adapted for today s kitchen are the end point of centuries of evolution and show the full range of culinary ingenuity and indulgence from the peasant kitchen to the merchant pantry They also illustrate the migration of local culinary predilections tastes for food and methods of preparation carried from home to new lands and back by conquerors seafarers soldiers merchants and religious pilgrims A Mediterranean Feast includes fourteen original maps of the contemporary and historical Mediterranean a guide to the Mediterranean pantry food

products resources a complete bibliography and a recipe and general index in addition to a pronunciation key An astonishing accomplishment of culinary and historical research and detective work in eight languages A Mediterranean Feast is required and intriguing reading for any cook armchair or otherwise **The National Provisioner** ,1916 Prego Easy Italian Recipes Better Homes and Gardens,Carolyn B.
