Thorgerson's memoirs of his time spent with Pink Floyd are combined with all the artwork he created to represent the band at each stage of their career. **Mind Over Matter 4** Storm Thorgerson, Peter Curzon, 2008-04-01. Published to coincide with the 40th anniversary of Pink Floyd, this book from famed British artist Storm Thorgerson explores the images of Pink Floyd album sleeves and the artwork contained therein. Thorgerson's memoirs of his time spent with Pink Floyd are combined with all the artwork he created to represent the band at each stage of their career. **Pink Floyd in the 1970s** Georg Purvis, 2021-02-09. It may have all started with Syd Barrett but the persistence and creativity of Roger Waters, Rick Wright, Nick Mason and David Gilmour meant that Pink Floyd went from one of England's top underground psychedelic bands to one of the biggest rock bands on the planet. All thanks to an album wondering if there really was a dark side of the moon. Pink Floyd in the 1970s. Decades focuses on the band throughout the 1970s, undoubtedly the peak of their success from the weird brilliance of Atom Heart Mother to the epic autobiographical storytelling of The Wall. In between the band achieved tremendous success with Meddle and Dark Side of the Moon yet struggled to come to terms with their place in the pantheon of rock music on Wish You Were Here and Animals. The decade of Pink Floyd's greatest successes was dominated by shifting musical trends and a balance in power in the band changing from democratic equality to Waters calling most of the shots. These factors and the looming spectre of Barrett, their erstwhile founder, inspired some of the greatest albums of all time. The book explores the music, the defining moments and the personality clashes that very nearly destroyed the band. The author, Georg Purvis, is the author of Queen: The Complete Works, currently in its third edition. While Queen was his gateway band, he has come to appreciate all kinds of music over the years and considers himself lucky that his first ever concert, at the age of 10, was on Pink Floyd's The Division Bell tour at Veterans Stadium on June 2, 1994. He has since turned his love of writing about music into a hobby with several unfinished manuscripts collecting dust on an external hard drive. He lives in Philadelphia with his wife Meredith and their two cats, Spencer and William. **Mind Over Matter** Peter Curzon, 2003.
