INDIA EDITION

An Introduction to

SIGNALS and SYSTEMS

An abstract graphic of a signal waveform, rendered in a light, ethereal style against a dark background. The waveform is composed of multiple overlapping, semi-transparent lines that create a sense of depth and movement, resembling a 3D ribbon or a series of closely spaced curves. It flows from the left side of the cover, rises to a peak in the center, and then descends towards the right. The background is a dark, textured grey with faint, concentric circular lines and a grid pattern, suggesting a technical or scientific theme.

John Alan Stuller

This edition is prepared for the Indian market. It contains the same material as the original text, but with some changes to the examples and exercises to make them more relevant to the Indian context. The book is published by Cengage Learning India Pvt. Ltd., New Delhi.
