L'immigration Par Escroquerie Sentimentale:

L'immigration par escroquerie sentimentale Marie-Annick Delaunay, 2006 *Disciplining the Transnational Mobility of People* M. Geiger, A. Pécout, 2013-10-18 This volume scrutinizes new developments in contemporary mobility and migration politics and shows that they are based on a mix of traditional coercive interventions and less repressive and indirect practices *Affective Economies, Neoliberalism, and Governmentality* Anne-Marie d'Aoust, 2017-10-02 Advanced capitalism is characterized by a level of symbolic production that not only results in a dematerialization of labor but also increasingly relies on highly emotional components ranging from consumption desire to workforce management Feelings as varied as love anger and desire are integral to neoliberal processes though not in unproblematic and monolithic ways Whereas some accounts decry capitalism's hold on the emotional realm as the commodified search for soul mates through online dating sites or Starbucks promotion of fair trade coffee suggest others counter that emotions represent a privileged site of resistance to market rationality Relying on different case studies ranging from drone strikes the 2008 economic crisis in Ireland and marriage migration management this volume builds on this productive tension between subjection and resistance through the lenses of the concept of governmentality Developed by Michel Foucault governmentality sheds light on the ways in which economic and political life are now being managed through logics of security and economic calculations This volume explores how individuals might become emotionally attached to regimes of power that are detrimental to them how neoliberal processes are concomitant with the valorization of certain emotional dispositions and how affective economies might provide a site of resistance This book was published as a special issue of *Global Society* Les Africains de France Jean-Paul Gourévitch, 2009 Dcrit la diversité des parcours des personnes venues du Maghreb ou de l'Afrique subsaharienne et leur mode de vie leur rapport au travail la religion et l'éducation et leur rôle économique social et culturel L'état de la judéomanie Jean Robin, 2008 Il fallut des années d'efforts Théodore Herzl pour convaincre sa communauté de l'intérêt de la Création d'un Etat juif titre de son plus fameux livre qui posait les bases de ce qui ne s'appelait pas encore Israël Aujourd'hui plus de cent ans après la parution de ce livre Israël a traversé la douleur mais l'idée sioniste s'est bel et bien réalisée après avoir été ignorée au départ puis rapidement trahie et même vilipendée par certains Le message d'Herzl Israël comme espoir anti antisémite est devenu avec la Deuxième Guerre Mondiale l'espoir post Shoah Il fallut aussi des années de traversée du désert Raul Hilberg pour enfin se faire entendre de sa propre communauté et du reste de l'humanité Dès 1955 il avait prouvé le plus grand mal publier sa thèse sur La bureaucratie sous l'Allemagne nazie sous la direction de Franz Leopold Neumann Mais son ouvrage majeur La Destruction des Juifs d'Europe parut en 1961 dans l'indifférence générale Malgré le procès Eichmann l'extermination des Juifs suscitait alors peu d'intérêt Avec le temps l'évolution des mentalités et les conditions plus complètes de Hilberg ce livre est devenu la référence mondiale sur la Shoah C'est sous le patronage de ces deux grands hommes que Jean Robin se place convaincu qu'il est que la dénonciation de la judéomanie suivra le même parcours que l'Etat

Transnational Marriage and Partner Migration Anne-Marie D'Aoust, 2022-02-11 This multidisciplinary collection investigates the ways in which marriage and partner migration processes have become the object of state scrutiny and the site of sustained political interventions in several states around the world Covering cases as varied as the United States Canada Japan Iran France Belgium or the Netherlands among others contributors reveal how marriage and partner migration have become battlegrounds for political participation control and exclusion Which forms of attachments towards the family the nation or specific individuals have become framed as risks to be managed How do such preoccupations translate into policies With what consequences for those affected by them in terms of rights and access to citizenship The book answers these questions by analyzing the interplay between issues of security citizenship and rights from the perspectives of migrants and policymakers but also from actors who negotiate encounters with the state such as lawyers non governmental organizations and translators
