Le Choix De Clara Hqn:

Ganar el mundo. Herencias feministas AA. VV., 2025-01-24 En un momento en que la aspiración feminista a la justicia y a la igualdad se ha apoderado de una generación es necesario volver a revisar las herencias que nos han llevado hasta aquí. Frente a las recuperaciones conformistas y las ofensivas reaccionarias que apuntan al feminismo sus autoras evocan las luchas y las figuras que han contado para ellas y recurren a una herencia internacionalista fértil y viva. A medida que discurren las páginas vemos en acción la asombrosa capacidad de los conceptos y lemas feministas y de las propias activistas para cruzar fronteras a través de décadas y continentes y su capacidad para cambiar el mundo. Verónica Gago, Francoise Vergès, Djamila Tais Ribeiro dos Santos, Lola Olufemi, Sayak Valencia, Zahra Ali, Rama Salla Dieng, Carolina Meloni y Silvia Federici proponen una teorización práctica del feminismo destacando los movimientos de diferentes zonas geográficas que pertenecen al Sur Global que no es sino el mundo mayoritario desde Argentina a Iraq, de Senegal y África Occidental hasta México y sus respectivas diásporas. De alguna forma todas las autoras aquí representadas sostienen la idea de desbaratar una cierta forma de dominación del feminismo heteropatriarcal blanco y eurocéntrico.

, 1970 Humanidades Digitales: recepción, institucionalización y crítica Isabel Galina Russell, Miriam Peña

Pimentel, Ernesto Priani Saisó, José Francisco Barrón Tovar, David Domínguez Herbón, Adriana Álvarez Sánchez, 2019-01-09 El crecimiento de las humanidades digitales en los últimos 10 años es incuestionable como se puede ver en el incremento de miembros de la Red de Humanidades Digitales así como en la cantidad de actividades académicas que se organizan todos los años al respecto. Sin embargo, entre los problemas identificados desde el inicio de la RedHD se encuentran la falta de literatura en español, la invisibilidad del trabajo que se realiza en latitudes en donde el idioma no es el inglés y la necesidad urgente de publicaciones formales que aborden las Humanidades Digitales desde otras perspectivas. Con este libro *Humanidades Digitales: Recepción, institucionalización y crítica* abrimos un proyecto de publicación que tiene como objetivo sumar voces y experiencias a la discusión global sobre estas, enriqueciendo y añadiendo el entretejido de este campo en pleno crecimiento. Presentamos seis capítulos de distintos autores quienes abordan temas relacionados con el papel de las Humanidades Digitales en diversos contextos institucionales y culturales. Con este primer volumen hacemos una modesta contribución hacia el ideal de presentar y representar un universo más amplio del trabajo y las ideas de Humanidades Digitales. Esperamos que este libro interese tanto a los expertos como a los que apenas se inician en este campo y que sirva como testimonio del trabajo realizado en otras regiones.
