Each discipline section features information on audience expectations in that area of study, the types of questions asked, the types of documents produced, the kinds of evidence used, appropriate language conventions, and appropriate citation styles. In that way, *A Writer's Reference* is uniquely positioned to help transform attitudes about the value of writing instruction and the role that writing plays in academic work and in higher learning. With this eighth edition of the handbook, author Nancy Sommers invites you to be part of a community of those who teach and assign writing, who believe that critical reading, analytical writing, responsible research, and clarity are at the center of effective writing across the academy, and who use the nation's best selling and most responsive handbook to support the development of the college writer. **A Writer's Reference with Writing about Literature** Diana Hacker, Nancy Sommers, 2014-10-27 This version of the best selling college handbook includes a tabbed section called *Writing about Literature*, a practical guide to interpreting works of literature and to planning, composing, and documenting papers about literature.
