Modern Children's Literature An Introduction:

Modern Children's Literature K. Reynolds, Catherine Butler, 2014-12-12 An established introductory textbook that provides students with a guide to developments in children's literature over time and across genres This stimulating collection of critical essays written by a team of subject experts explores key British American and Australian works from picture books and texts for younger children through to graphic novels and young adult fiction It combines accessible close readings of children's texts with informed examinations of genres issues and critical contexts making it an essential practical book for students This is an ideal core text for dedicated modules on Children's literature which may be offered at the upper levels of an undergraduate literature or education degree In addition it is a crucial resource for students who may be studying children's literature for the first time as part of a taught postgraduate degree in literature or education New to this Edition Revised and updated throughout in light of recent children's books and the latest research Includes new coverage of key topics such as canon formation fantasy and technology Features an essay on children's poetry by the former Children's Laureate Michael Rosen

Modern Children's Literature Kimberley Reynolds, 2005-03-02 The study of children's literature is currently receiving much public and critical attention Organized to show developments in children's literature over time and across genres this attractively illustrated introductory guide looks at key British American and Australian works from picture books and texts for younger children to graphic novels and young adult fiction Each chapter applies specific critical approaches supported by explanatory boxed material and suggestions for further reading

Children's Literature Kimberley Reynolds, 2011-10-06 Children's literature takes many forms works adapted for children in antiquity picture books and pop ups and now includes the latest online games and eBooks This vast and amorphous subject is both intimately related to other areas of literary and cultural investigation but also has its own set of concerns issues and challenges From familiar authors including Beatrix Potter and Roald Dahl classic books such as Pooh Alice in Wonderland and The Secret Garden to modern works including Harry Potter and the Twilight series this Very Short Introduction provides an overview of the history of children's literature as it has developed in English whilst at the same time introducing key debates developments and figures in the field Raising questions about what shape the future of literature for children should take and exploring the crossover with adult fiction Reynolds shows that writing for children whether on page or screen has participated in shaping and directing ideas about culture society and childhood

ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

Through the Eyes of a Child Donna E. Norton, 1991 In its seventh edition *Through the Eyes of a Child* An Introduction to Children's Literature continues to be a visually stunning theoretically sound comprehensive overview of children's literature It focuses squarely on selecting and

evaluating quality literature to share with children and guiding them to appreciate and respond to that literature This edition features multicultural literature and young adult literature in every chapter expanded coverage of biographies and informational books and over 100 new children s titles referenced throughout A children s literature CD ROM accompanies the book and contains bibliographic information for thousands of titles making it even easier to share quality literature with children and adolescents **Edinburgh Companion to Children's Literature** Clementine Beauvais,2018-02-16

Introduces you to the promises and problems of Charles Taylor s thought in major contemporary debates *Introduction to Children's Literature* Joan I. Glazer,Gurney Williams,1979 Using an inviting writing style throughout this book explains how to present literature to children in grades K 4 in ways that enhance both children s understanding and enjoyment of it This broad based introduction to children s literature focuses on literary analysis criticism and techniques and methods of effective literature based education Presents real life examples of teachers sharing literature with children and infuses discussion of multicultural books Copyright Libri GmbH All rights reserved [The Bloomsbury Introduction to Children's and Young Adult Literature](#) Karen Coats,2017-11-16 From Maria Edgeworth Dr Seuss and Lewis Carroll to Sherman Alexie Sharon Flake and Gene Luen Yang this is a comprehensive introduction to studying the infinitely varied worlds of literature for children and young adults Exploring a diverse range of writing The Bloomsbury Introduction to Children s and Young Adult Literature includes Chapters covering key genres and forms from fiction nonfiction and poetry to picture books graphic novels and fairy tales A history of changing ideas of childhood and adolescence Coverage of psychological educational and literary theoretical approaches Practical guidance on researching reading and writing about children s and young adult literature Explorations of children s and young adult film TV and new media In addition Extending Your Study sections at the end of each chapter provide advice on further reading writing discussion and online resources as well as case study responses from writers and teachers in the field Accessibly written for both students new to the subject and experienced teachers this is the most comprehensive single volume introduction to the study of writing for young people *Palestinian Memory and Identity in Modern Children's Literature* Hanan Mousa,2024-12-09 A timely and significant contribution to Palestinian children s literature from 1967 to the present day Palestinian Memory and Identity in Modern Children s Literature examines a myriad of motifs and popular culture and the evolution of national identity and consciousness among young Palestinians Utilizing analytical and in depth readings this text presents a thorough examination of the representations and role of folk culture in Palestinian children s literature from both thematic and stylistic linguistic perspectives The analysis covers a wide range of diverse works representing popular culture published after 1967 including diverse works by writers from Israel the West Bank Gaza and the Palestinian diaspora This volume will be of interest to academics and students exploring the vast contexts of Arabic children s literature and Palestinian folk lore *An Introduction to the World of Children's Books* Margaret Richardson Marshall,1982 **Considering Children's Literature** Andrea Schwenke

Wyile, Teya Rosenberg, 2008-02-21 The study of children's literature is not just about children and the books said to be for them it is also about the societies and cultures from which the literature comes and it is about the assumptions and ideas we hold about children and childhood For adults reading children's literature is ultimately both an act of nostalgia and of self examination When we consider children's literature we must include ourselves in the equation What kinds of readers are we How do we relate to books and stories To what degree should we impose our experience upon others Reading children's literature actively can lead to all kinds of remarkable and sometimes unsettling revelations about ourselves and our society from the Introduction Considering Children's Literature is a collection of previously published essays on a variety of topics that inform the study of children's literature Exploring issues such as censorship the canon the meanings of fairy tales and the adaptation of children's literature into film the essays in this anthology are as diverse as they are illuminating Along with authors like Natalie Babbitt and Margaret Mahy teachers scholars and publishers of children's books are also contributors Accessible and comprehensive this book will appeal to anyone interested in children's literature **Humor in**

Contemporary Junior Literature Julie Cross, 2010-12-14 In this new book Julie Cross examines the intricacies of textual humor in contemporary junior literature using the tools of literary criticism and humor theory Cross investigates the dialectical paradoxes of humor and debunks the common belief in oppositional binaries of simple versus complex humor The varied combinations of so called high and low forms of humor within junior texts for young readers who are at such a crucial stage of their reading and social development provide a valuable commentary upon the culture and values of contemporary western society making the book of considerable interest to scholars of both children's literature and childhood studies Cross explores the ways in which the changing content forms and functions of the many varied combinations of humor in junior texts including the Lemony Snickett series reveal societal attitudes towards young children and childhood The new compounds of seemingly paradoxical high and low forms of humor in texts for developing readers from the 1960s onwards reflect and contribute to contemporary society's hesitant and uneven acceptance of the emergent paradigm of children's rights abilities participation and empowerment Cross identifies four types of potentially subversive transgressive humor which have emerged since the 1960s which coupled with the three main theories of humor relief superiority and incongruity theories enables a long overdue charting of developments in humor within junior texts Cross also argues that the gradual increase in the compounding of the simple and the complex provide opportunities for young readers to play with ambiguous complicated ideas helping them embrace the complexities and contradictions of contemporary life *Children's Literature Studies* Matthew O. Grenby, Kimberly Reynolds, 2011-05-24 Children's literature is a rapidly expanding field of research which presents students and researchers with a number of practical and intellectual challenges This research handbook is the first devoted to the specialist skills and complexities of studying children's literature at university level Bringing together the expertise of leading international scholars it combines practical advice with in depth discussion of critical approaches

Wide ranging in approach Children's Literature Studies A Research Handbook Considers children's literature in its fullest sense examining visual texts such as picturebooks films computer games and other transformed texts as well as more traditional modes of writing for children Offers a step by step guide to devising starting and carrying out a research project such as a dissertation or thesis and advice on what kinds of research it is possible and profitable to undertake Surveys the different methodologies and theoretical approaches used by children's literature scholars Includes case studies questions and exercises to reinforce ideas discussed in each chapter Provides lists of further reading and a specialist glossary that will remain a useful reference resource This handbook will be an essential companion for those studying children's literature whether as undergraduates postgraduates or beyond

Children's Literature Pat Pinsent, 2016-04-08 This invaluable Guide surveys the key critical works and debates in the vibrant field of children's literature since its inception Leading expert Pat Pinsent combines a chronological overview of developments in the genre with analysis of key theorists and theories and subject specific methodologies

Contemporary English-Language Indian Children's Literature Michelle Superle, 2011-05-09 Concurrent with increasing scholarly attention toward national children's literatures Contemporary English language Indian Children's Literature explores an emerging body of work that has thus far garnered little serious critical attention Superle critically examines the ways Indian children's writers have represented childhood in relation to the Indian nation Indian cultural identity and Indian girlhood From a framework of postcolonial and feminist theories children's novels published between 1988 and 2008 in India are compared with those from the United Kingdom and North America from the same period considering the differing ideologies and the current textual constructions of childhood at play in each Broadly Superle contends that over the past twenty years an aspirational view of childhood has developed in this literature a view that positions children as powerful participants in the project of enabling positive social transformation Her main argument formed after recognizing several overarching thematic and structural patterns in more than one hundred texts is that the novels comprise an aspirational literature with a transformative agenda they imagine apparently empowered child characters who perform in diverse ways in the process of successfully creating and shaping the ideal Indian nation their own well adjusted bicultural identities in the diaspora and or their own empowered girlhoods Michelle Superle is a Professor in the department of Communications at Okanagan College She has taught children's literature composition and creative writing courses at various Canadian universities and has published articles in Papers and IRCL

Discovering Children's Literature Judith Hillman, 1995 A concise introduction to the world of literature for infants children and adolescents this popular book taps the work of well known scholars to provide its foundation in genre theory while clearly relating the books it recommends to practical teaching applications After first defining literature and literacy and examining relevant aspects of children's development the author explores each of the traditional literature genres in turn and provides a firm structure for evaluation that will serve future teachers well as they approach any form of literature Each chapter asks the student for

reflections opinions and participation through suggested projects and activities For elementary and high school teachers of English and Language Arts *Religion, Children's Literature, and Modernity in Western Europe, 1750-2000* Jan de Maeyer, 2005 In this book some 25 scholars focus on the relationship between religion children s literature and modernity in Western Europe since the Enlightenment c 1750 They examine various aspects of the phenomenon of children s literature such as types of texts age of readers position of authors design and illustration The role of religion in giving meaning both in a substantive sense as well as through the institutionalised churches is studied from an interdenominational point of view Judaism Roman Catholicism Protestantism and Anglicanism Finally the contribution of pedagogy and child psychology in the interaction between modernity religion and children s literature is also discussed Various articles give a broad overview of the tensions between aesthetics and ethics and the demand for cultural autonomy in the development of children s literature Children s bibles and missionary stories played an important part in the growing diversification of children s literature as did the publication of illustrated reviews for children Remarkable differences are highlighted in the involvement of religious societies and institutions episcopally approved publishing houses and supervisory bodies in the publication distribution and supervision of children s literature This volume adopts a comparative approach in exploring the underlying religious ideological and cultural dimensions of children s literature in modern society **Literature for Children** David L. Russell, 1994 It is a great privilege to be able to offer a third edition of Literature for Children As with the first two editions I have aimed this work at college students many of whom are heading toward careers in education and many of whom have only a passing knowledge of children s literature Aesthetic Approaches to Children's Literature Maria Nikolajeva, 2005-05-12 As undergraduate and graduate courses in children s literature become more established and numerous there is an intense need for a textbook that offers aesthetic rather than educational approaches to children s literature This work fills that void by providing students of children s literature with a comprehensible and easy to use analytical tool kit showing through concrete demonstration how each tool might best be used The chapters are organized around familiar and easily recognized features of literary texts e g author genre character Theoretical issues are illustrated by specific texts from the North American children s literature canon The book explores the particular aesthetics of children s fiction and the ways critical theory may be applied to children s texts while remaining accessible to a college readership without prior specialized knowledge of literary theory Each chapter includes a short introduction to a specific theoretical approach e g semiotics feminist psychoanalytic an example of its application to a literary text a number of activities study questions reading exercises and suggestions for further explorations **Big Book of Best Short Stories - Specials - Children's literature 2** Selma Lagerlöf, Hans Christian Andersen, Eleanor H. Porter, Wilhelm Hauff, George MacDonald, August Nemo, 2020-04-04 This book contains 25 short stories from 5 classic prize winning and noteworthy authors The stories were carefully selected by the critic August Nemo in a collection that will please the literature lovers The
