## **Modern Investment Theory 5th Edition:**

**Modern Investment Theory** Robert A. Haugen, 1986      Modern Investment Theory Haugen, 2001-08-01

*INVESTMENT MANAGEMENT* MAHESHWARI, YOGESH, 2008-11-03 This book specifically designed for postgraduate students of management finance and commerce for the course in Investment Management or Security Analysis and Portfolio Management provides a thorough understanding of the concepts and methodologies of investment management. It begins with a sound theoretical introduction to the basic concepts of savings, investments, risk, and return, portfolio, and financial markets. The text then systematically explains the wide gamut of investment alternatives available to an investor and elucidates the investment markets and processes as prevalent in India. What distinguishes the text is that it emphasizes the practical aspects of the subject. In so doing, the book provides extensive coverage of the tools and techniques of technical analysis. Realizing the fact that investment is becoming more of a systematized and structured activity, the book presents a meticulous treatment of security analysis. This is closely followed by an exclusive chapter on portfolio management which encompasses all the aspects of the selection, maintenance, evaluation, and revision of portfolios. The book concludes with an overview of the regulatory environment of investments. **Key Features:** Explains the concepts and processes in the Indian context, thus enabling the students to know the markets and investment procedures in India. Focuses on the practical aspects to help students start investing even while they are doing the course. Provides end-of-chapter questions to drill the students in self-study. Besides postgraduate students of management and commerce, senior undergraduate students of these courses as well as practising managers should find the book extremely useful.

*STRATEGIC FINANCIAL MANAGEMENT, SECOND EDITION* SOFAT, RAJNI, HIRO, PREETI, 2015-10-28 The Second Edition of the book encompasses two new chapters: Strategic Cost Management and Business Ethics. A Strategic Financial Management Instrument. The book, being an augmented version of the previous edition, equips the young managers with the fundamentals and basics of strategic management and financial management in a cogent manner. The text now provides a better orientation to the students on the topics like corporate restructuring, divestitures, acquisitions, and mergers in the global context with the help of examples and caselets. The book has been revised, keeping in view the requirements of postgraduate students of management and the students pursuing professional courses such as CA, MFC, and CS. In addition, professionals working in the corporate sector may also find the book beneficial to integrate the financial management functions into business strategy and financial operations. **Distinctive features:** Model question papers have been appended at the end of the book. Better justification of topics by merging the contents wherever required. Theory supported with caselets inspired from global as well as Indian context.

*Modern Investment Theory* Robert A. Haugen, 1986      *The ^AOxford Guide to Financial Modeling* Thomas S. Y.
