The Indissolubility of Marriage Matthew Levering,2019-05-20 This well researched book explains why the Catholic Church continues to teach marital indissolubility and addresses the numerous contemporary challenges to that teaching It surveys the patristic witness to marital indissolubility along with Orthodox and Protestant views as well as historical critical biblical exegesis on the contested biblical passages It also surveys the Catholic tradition from the Trent through Benedict XVI and it examines a Catholic argument that the Catholic Church s teaching can and should change Then it explores Amoris Laetitia the papal exhortation from Pope Francis on marriage and the various major responses to it with the issue of marital indissolubility at the forefront Finally it retrieves Aquinas s theology of marital indissolubility as a contribution to deepening current theological discussions The author argues that Amoris Laetitia upholds the traditional Catholic teaching that a valid and consummated Christian marriage is absolutely indissoluble in accord with the teachings of Jesus and the Apostle Paul as solemnly and authoritatively taught by the Council of Trent and affirmed by later popes and the Second Vatican Council He says that Amoris Laetitia should be interpreted and implemented in light of the doctrine of marital indissolubility implementations that undermine this doctrine should be avoided Levering says that numerous contemporary Catholic theologians and biblical scholars are mistakenly turning the indissolubility of marriage into contingent dissolubility based upon whether the spouses continue to act in loving ways toward each other The sacrament s gift of objective indissolubility is thereby undermined Fortunately the main interpreters of Amoris Laetitia whose views have been approved by Pope Francis insist that the Apostolic Exhortation does not change the doctrine of marital indissolubility in any way

The Politics of Conjugal Love Conor Sweeney,Brian T. Trainor,2019-06-27 Does the New Testament teach that a wife must submit to her husband as head If so does it have a lasting value beyond the cultural milieu in which it was first articulated The Politics of Conjugal Love takes a fresh approach to this classic issue in theological anthropology paying specific attention to the role of theological hermeneutics in its interpretation Conor Sweeney and Brian T Trainor contend that both subordinationist and anti subordinationist readings of headship and submission miss the mark Their alternative is a baptismally specified trinitarian reading in which headship and submission appear as modes intrinsic to both life in Christ and the love proper to the highest mode of trinitarian love
