Dynamic Economic Decision Making John E. Silvia, 2011-08-09 A comprehensive analysis of the macroeconomic and financial forces altering the economic landscape Financial decision making requires one to anticipate how their decision will not only affect their business but also the economic environment Unfortunately all too often both private and public sector decision makers view their decisions as one off responses and fail to see their decisions within the context of an evolving decision making framework In *Decision Making in a Dynamic Economic Setting* John Silvia Chief Economist of Wells Fargo and one of the top 5 economic forecasters according to Bloomberg News and USA Today skillfully puts this discipline in perspective Details realistic decision making approaches and applications under a broad set of economic scenarios Analyzes monetary policy and addresses the impact of financial regulations Examines business cycles and how to identify economic trends how to deal with uncertainty and manage risk the building blocks of growth and strategies for innovation *Decision Making in a Dynamic Economic Setting* details the real world application of economic principles and financial strategy in making better business decisions

Economics as an Empirical Social Science Daniel Weißbrodt, 2024-07-08 Economics still adheres entirely unreflectively to a mechanistic worldview and machine thinking Epistemologically it thus remains in the 19th century and its assumptions and theories methods and models therefore stand in stark contradiction to the findings of all other social and natural sciences as well as a multitude of empirical facts Through a discourse analytical examination of sixteen basic concepts in economics based on twelve standard economics textbooks their ideal historical origin and use are worked out and compared and related to the current state of knowledge of other disciplines This reveals the structural methodological and content errors of economics in a clear manner Especially for critical students who have long been demanding an economics that is in line with the current state of research and faces the challenges of the 21st century this opens up the possibility of a new approach to economics The Content Discourse analytical examination of fundamental assumptions and concepts of economics from labor to wealth Structural methodological and content critique of economic thinking from an epistemological perspective Critical examination of the use of empirical and statistical data the method of gaining knowledge and the model thinking in economics *Journal of Economic Literature* ,2003
