Norwegian royal family and fifty tons of gold bullion Gold Run recounts the thrilling story of the loyal Norwegians who
rescued the Norwegian royal family government and nearly fifty tons of gold bullion from invading Nazis during World War II
One of the greatest gold snatches in history it is a tale of loyal citizens who achieved an incredible feat against overwhelming
odds through bravery endurance and leadership plus a little good fortune and help from the British Royal Navy The German
invasion on the night of April 9 1940 took Norway almost completely unawares But one small coastal battery took swift action
to protect the country s leadership In desperate haste the royal family fled Oslo by rail dodging bombs and strafing With
extraordinary ingenuity the gold was moved by road rail and fishing boat hotly pursued by the Germans After several
instances of near disaster the Norwegians managed to get the gold to the coast where the Royal Navy came to the rescue It
was taken off in three Royal Navy Cruisers HMS Enterprise Galatea and Glasgow The ships were attacked in port then
constantly harassed and bombed by the Luftwaffe as they made their way back to the United Kingdom The Germans had
gained a country but lost a king a government and a huge amount of bullion that would have financed their war machine
