Medical Licensing and Discipline in America David A. Johnson,Humayun J. Chaudhry,2012-08-24 Medical Licensing and Discipline in America traces the evolution of the U S medical licensing system from its historical antecedents in the 18th and 19th century to its modern structure David A Johnson and Humayun J Chaudhry provide an organizational history of the Federation of State Medical Boards within the broader context of the development of America s state based system As the national organization representing the interests of the individual state medical boards the Federation has been at the forefront of developments in licensing discipline and regulation impacting the medical profession medical education and health policy within the United States The narrative shifts between micro and macro level developments in the evolution of America s medical licensing system blending national context with state specific and Federation initiatives For example the book documents such milestones as the national shift toward greater public accountability by state medical boards as evidenced by California s inclusion of public members on its medical board New Mexico s requirement for continuing medical education by physicians as a condition for license renewal and the Federation s policy development work advocating for both initiatives among all state medical boards The book begins by examining the 18th and 19th century origins of the modern state based medical regulatory system including the reinstitution of licensing boards in the latter part of the 19th century and the early challenges facing boards e g license portability examinations physician impostors inter professional tensions among physicians etc Medical Licensing and Discipline in America picks up the story of the Federation and its role in the major issue of licensing and discipline in the 20th century uniformity in medical statute evaluation of international medical graduates nationally administered examinations for licensure etc

The Rhetoric of Midwifery Mary M. Lay,2000 What roles should midwives play within our healthcare system Must they have certified degrees and be under the jurisdiction of a professional board Do notions of gender create competition and erect barriers between the medical professions The Rhetoric of Midwifery offers new insights into understanding these questions within the context of our present day medical system As a point of

departure Mary M Lay analyzes the public discussion over non academically trained or direct entry midwives within Minnesota From 1991 1995 that state held public hearings about the possible licensing of traditional midwives Lay focuses on these debates to examine the complex relationships of power knowledge and gender within the medical profession Lay examines the hearings and provides a framework for appreciating the significance of these debates She also details the history of midwifery highlighting ongoing concerns that have surfaced ever since the profession was created centuries ago In the remaining chapters she focuses on the key testimonies offered during the debates Capturing the actual testimony of midwives home birth parents nurses physicians and attorneys *The Rhetoric of Midwifery* reveals how the modern medical profession seeks to claim authority about birth Lay bolsters her argument by culling from such sources such as historical documents an internet discussion group and conversations with modern midwives As our medical healthcare system continues to undergo convulsive change *The Rhetoric of Midwifery* will continue to enlighten challenge and inform
