Les Dreyfusards Sous L'occupation:

Propaganda and Persecution Renée Poznanski, 2024-01-23 Renée Poznanski's magisterial history of the French Resistance during World War II offers a comprehensive exploration of the most significant issue in that period's social imaginary: the Jewish question. With extraordinary nuance, she analyzes the discourse around Jews and Judaism that pervaded the Resistance's propaganda and debates while closely examining the fate of Jews under Vichy and after. Poznanski argues that Jews in France suffered a double persecution: one led by the Vichy government, the other imposed by the Nazis. Marginalization and exclusion soon led to internment and deportation to terrifying places. Meanwhile, a propaganda war developed between the Resistance and the official voice of Vichy. Poznanski draws on a breathtaking array of sources, especially clandestine publications and French language BBC transmissions, to show how the Resistance both fought and accommodated the deeply entrenched antisemitism within French society. Her close readings of propaganda texts against public opinions probe ambiguities and silences in Resistance writing about the persecution of the Jews and, in parallel, the numerous and detailed denunciations that could be read in the Jewish clandestine press. This extensive synthesis extends to the post-Liberation period during which the ongoing persecution of Jews in Europe and North Africa would be portrayed as secondary to the suffering of the nation. The winner of the 2009 Henri Hertz Prize by the Chancellerie des Universités de Paris Sorbonne, *Propaganda and Persecution* makes major contributions to the study of the Resistance and of antisemitism. Lenn J. Schramm's English translation brings Poznanski's dynamic prose to life. *Les Dreyfusards sous l'Occupation* Simon Epstein, 2014-04-01 Quel sera l'avenir des dreyfusards, ceux qui avaient vingt ans en 1898 lorsque Zola publia son J'accuse? Quel fut le sort des collaborateurs, ceux qui se sont illustrés dans la France occupée des années 1940-1944? Ces deux questions se confondent, constate Simon Epstein après avoir minutieusement reconstitué plusieurs dizaines d'itinéraires d'intellectuels et d'hommes politiques français qui prirent part dans leur jeunesse au combat pour Dreyfus et vécurent jusqu'à la Seconde Guerre mondiale. Certains d'entre eux seront résistants, d'autres resteront neutres, mais beaucoup rallieront l'une ou l'autre des grandes tendances de la collaboration: du pétainisme attentiste et modéré aux formes les plus extrêmes du collaborationnisme raciste et pro-nazi. Phénomène paradoxal, première vue, mais au fond assez logique: le départ massif des dreyfusards vers la collaboration n'a pas retenu jusqu'à ce jour l'attention des historiens. Simon Epstein passe ici en revue les diverses causes possibles de son occultation. Avec ce livre, il faudra rouvrir bien des dossiers: Péguy, le maurrassisme, le pacifisme, les ambiguïtés de la gauche, les origines complexes et souvent inattendues de la collaboration. *Beyond the Great War* Carl Bouchard, Norman Ingram, 2022-01-17 This collection addresses the impact of the end of the First World War and challenges the positive vision of a new world order that emerged from the Paris Peace Conference of 1919. *Vichy France and the Jews* Michael R. Marrus, Robert O. Paxton, 2023-05-25 An updated edition with decades worth of new archival material. It remains the classic text on the Holocaust in France. *Holocaust and Genocide Studies* When Vichy France and the Jews was

first published in France in 1981 the reaction was explosive Before the appearance of this groundbreaking book the question of the Vichy regime's cooperation with the Third Reich had been suppressed Michael R Marrus and Robert O Paxton were the first to access closed archives that revealed the extent of Vichy's complicity in the Nazi effort to eliminate the Jews Since the book's original publication additional archives have been opened and the role of the French state in the deportation of Jews to the Nazi death factories is now openly acknowledged This new edition integrates over thirty years of subsequent scholarship and incorporates research on French public opinion and the diversity of responses by French civilians to the campaign of persecution they witnessed around them This classic account remains central to the historiography of France and the Holocaust and in its revised edition is more important than ever for understanding the Vichy government's role in the darkest atrocity of the twentieth century

The War Guilt Problem and the Ligue des droits de l'homme, 1914-1944 Norman Ingram, 2019-01-31 *The War Guilt Problem and the Ligue des droits de l'homme* is a significant new volume from Norman Ingram addressing the history of the Ligue des droits de l'homme LDH an organisation founded in 1898 at the height of the Dreyfus Affair and which lay at the very centre of French Republican politics in the era of the two world wars Ingram posits that the Ligue's inability to resolve the question of war guilt from the Great War was what led to its decline by 1937 well before the Nazi invasion of May 1940 As well as developing our understanding of how the issue of war origins and war guilt transfixed the LDH from 1914 down to the Second World War this volume also explores the aetiology of French pacifism expanding on the differences between French and Anglo American pacifism It argues that from 1916 onwards one can see a principled dissent from the Union sacrée war effort that occurred within mainstream French Republicanism and not on the syndicalist or anarchist fringes Based on substantial research in a large number of French archives primarily in the papers of the LDH which were repatriated to France from the former Soviet Union in late 2001 but also on considerable new research in the German archives the book proposes a new explanatory model to help us understand some of the choices made in Vichy France moving beyond the usual triptych of collaboration resistance or accommodation

Between Justice and Politics William Irvine, 2006-12-08 *Between Justice and Politics* is a history of the first fifty years of the Ligue des droits de l'Homme the League of the Rights of Man This is the first book length study of the Ligue in any language and it is informed by the recently available archives of the organization Founded during the Dreyfus Affair the Ligue took as its mandate the defense of human rights in all their forms The central argument of this book and the point on which it differs from all other writings on the subject is that the Ligue often failed to live up to its mandate because of its simultaneous commitment to left wing politics By the late 1930s the Ligue was in disarray and by the 1940s a number of its members opted to defend the Vichy regime of Marshal Petain

The Dreyfus Affair G. Whyte, 2005-10-12 Volume one of a comprehensive series on the Dreyfus Affair this account chronicles for the first time in English and day by day the drama that destabilized French society 1894 1906 and reverberated across the world A deliberate miscarriage of justice the public degradation of an innocent

Jewish officer and his incarceration on Devil's Island espionage intrigue media pressure vehement antisemitism and political skulduggery topics so relevant to our times are set within a broad historical context Meticulous research new translations of key documents a wealth of primary sources and illustrations and a select bibliography make this an indispensable reference work

Post-holocaust and Anti-semitism, 2002-10 **Antisemitism** Susan Sarah Cohen, 1987 **Être dreyfusard, hier et aujourd'hui** Gilles Manceron, Emmanuel Naquet, 2009 **Trois historiens face à la guerre d'Algérie** Cyril Garcia, 2014-02-01 La guerre d'Algérie reste la plus importante crise politique et militaire que la France ait connue depuis la Seconde Guerre mondiale Cet ouvrage analyse les causes et les conséquences de l'engagement d'une génération d'universitaires travers les prises de position diverses qu'eurent les historiens Marc Ferro Raoul Girardet et Pierre Vidal Naquet C'est aussi le combat d'une génération de Français que retrace cet ouvrage tout en définissant la place que peut avoir l'historien dans la Cité

Index to Jewish Periodicals, 2003 An author and subject index to selected and American Anglo Jewish journals of general and scholarly interests *Annual Report* Vidal Sassoon International Center for the Study of Antisemitism (Universitah ha-Ivrit bi-Yerushalayim), 2001 *Jewish Political Studies Review*, 2003 **Defending Civil Society and the State** Max A. Likin, 2004 Charts the origins of the modern human rights discourse in continental Europe with a focus on France presents both a chronicle of Rights of Man in Third Republic France and a day to day history of the French League of the Rights of Man The League derived much of its prestige from the Declaration of the Rights of Man of August 1789 as well as from myths born out of the Dreyfus Affair Yet it was primarily French nationalism imperialism and corporatism developed by the League in its first fifty years that benefited from the autochthonous language of human rights not liberalism and individualism In addition the interwar European stalemate regarding a range of issues liberty vs equality pacifism vs militarism full citizenship vs stratified kinship produced an anemic response to the Vichy regime 1940-1944 After the liberation of France the League never regained its prewar prestige despite the fact that one of its members Ren Cassin helped draft the 1948 Universal Declaration of Human Rights from abstract

Aux origines de l'antiracisme Emmanuel Debono, 2012 Quentin Tarantino Yannick Rolandeau, 2014-05-01 Les louanges envers le cinaste Quentin Tarantino ont de quoi surprendre tant du côté du public que de la critique En s'appuyant sur de nombreuses scènes et des dialogues clés cet essai reprend les éléments narratifs de ses films et les envisage sous un angle esthétique politique et socio-économique Engageant une réflexion critique sur l'image et le monde réel l'auteur indique que Quentin Tarantino s'inscrit dans cette rébellion par un cinéma ludique hybride et hétéroclite jouant d'une violence parodique et d'un second degré qui masquent en arrière-plan une vision nihiliste du monde

L'affaire Dreyfus Michel Drouin, 2007 Oui Alfred Dreyfus fut un acteur majeur dans l'évolution de l'Affaire alors qu'il en fut le grand oublié Non la justice n'est pas sortie indemne mais elle est sortie grandie grâce à l'action déterminante de la Cour de Cassation qui posa les principes fondamentaux du procès équitable Oui la vitalité des études locales et régionales permet de mesurer la subtilité des évolutions dans les camps en présence en résonance avec le niveau

parisien mais aussi en fonction d'acteurs et de données propres. Non, la Ligue des droits de l'Homme n'a vite pas le cartement entre thique et politique dès lors qu'il s'agit de dépasser le cas du capitaine pour largir les champs de son combat. Oui, il y a eu des dreyfusards dont l'engagement dans le camp du droit ne résistera pas aux preuves du XXe siècle. Au-delà de la limite qu'il y a à célébrer le centenaire de la réhabilitation du capitaine Dreyfus, victoire définitive du droit sur des années d'ignominie dans la ville de Rennes où se tient désormais au Musée de Bretagne la première exposition permanente consacrée à cette affaire, il y a encore du nouveau quand tant a été dit et critiqué, c'est que ce n'est pas tant l'histoire qui change que les questions qu'on lui pose et l'année 2006 a heureusement révalu la permanence de certains acquis.

La démocratie aux extrêmes

Romain Bertrand, 2006. Terrorisme, guérillas, milices armées, montée des intégrismes et des nationalismes, retour des extrêmes, droites, meutes, violences urbaines, on pourrait allonger la liste de phénomènes manifestant une radicalisation de la lutte sociale et politique qui en occupant très largement l'une des quotidiens et les débats politiques créent une impression de démocraties assaillies et agressées par des extrémismes. Pour expliquer les raisons du surgissement de ces nouvelles menaces, les commentaires privilégient les causes exceptionnelles extérieures au fonctionnement démocratique : fanatisme repli communautariste, choc des civilisations, explosion des délinquances, crispation raciste, etc. Les sciences sociales ont des arguments opposer de telles représentations qui tracent une frontière claire et tranchée entre le normal de la modulation démocratique et le pathologique de la radicalité. Les contributions rassemblées ici, issues de travaux d'historiens, de juristes, de sociologues et de politistes, montrent que la radicalité n'est pas la cause mais bien une des issues possibles de processus de radicalisation dont la dynamique s'inscrit dans le jeu politique ordinaire, dans des basculements invisibles dont les conséquences se dessinent après coup. Si ce ne sont pas toujours les révolutionnaires qui font les révolutions, il reste comprendre comment les jeux de surenchère, de compromis, de concurrence et d'alliance qui caractérisent la vie démocratique ordinaire peuvent produire des radicalités qui en minent les fondements.

Jacob Kaplan, 1895-1994

David Shapira, 2007. Fils d'immigrants juifs lituaniens, le grand rabbin Jacob Kaplan naît à Paris en 1895 et meurt en 1994, a occupé très jeune les postes les plus prestigieux du judaïsme français, témoignant de la réussite du modèle de l'identité juive en France. Il demeure un exemple et une figure humaine unique par son dynamisme, son charisme, son expérience et sa maîtrise des situations les plus délicates : le statut des juifs, le régime de Vichy, la collaboration et les déportations, l'accueil des rapatriés d'Afrique du Nord, le soutien à la cause sioniste et la question de la double allégeance. En retraçant l'itinéraire d'un des grands témoins du XXe siècle, David Shapira, titulaire d'un doctorat à l'université hébraïque de Jérusalem, journaliste et chercheur à l'université de Tel Aviv, raconte comment ce reconstruteur d'une communauté cimée par la Shoah, traumatisée par la trahison de Pétain, est parvenu à mettre en place les structures d'un judaïsme moderne. Évoquant galement l'engagement prouvé du grand Rabbin de France aux côtés de l'État d'Israël, il aborde ses positions critiques envers la politique extérieure française qui suscitent la réaction de nombreux politiciens et intellectuels de l'époque.
