Mise Scne Thtrale 1800 Jours:

Staging and the Arts in Nineteenth-Century France Camilla Murgia, 2023-09-22 This book discusses the mechanisms and patterns of staging in nineteenth century France Often associated with theatre and performance staging also applies to visual arts It is thoroughly embedded in a more general cultural development comprising the dissemination of knowledge political awareness and consumerism The notion of staging applies to a process of appearing revealing and disappearing that puts forward new ways for the individual to be seen and to make the self and the other visible Staging determines and questions the process of appearing and disappearing by generating connections and interactions between multiple layers of reality i e artistic theatrical literary and visual but according to what criteria through what mechanisms and with what materials What are the repercussions of staging and even more important what does staging not show This book argues that the notion of staging goes beyond interdisciplinarity Looking at the different ways staging was used and conceived introduces new approaches to understanding visual culture in nineteenth century France *Catalogue of Opera Librettos Printed Before 1800* Library of Congress. Music Division, 1914 Lighting in the Theatre Gösta Mauritz Bergman, 1977 Catalogue of Opera Librettos; Printed Before 1800: Title catalogue Library of Congress.
