Journal Writing Workshop:

Creating a Journal Writing Workshop Andrea S. Beard,1998 **Journaling from the Heart** Eldonna

Bouton,2000-09 Journaling from the Heart offers 75 exercises to bring you closer to yourself to your dreams and to your muse Based upon the author s popular online workshops and face to face seminars this book allows you to complete the workshops independently or form your own journaling circle Kid Writing Eileen G. Feldgus,Isabell Cardonick,2002-01-28 Turn children who don t know the alphabet into fluent proficient and confident writers Kid Writing invites you into classrooms that integrate phonics instruction across the curriculum and throughout the school day Kindergartners through second graders as well as preschoolers second language learners and special education students flourish in this program Once you ve witnessed the success of this approach and have seen the techniques you ll be ready to try it yourself 192 pages

Never Too Early to Write Madeline Johnson,1999 Offers advice to teachers on how to set up writing workshops in kindergarten and first grade classrooms describing ten writing workshop strategies and featuring tips on how to include parents in the writing program **Teaching with Writing** Toby Fulwiler,1987 To clarify how writing across the curriculum improves learning across the curriculum this book provides an overview of the current state of writing instruction at the secondary and college levels as it applies to teaching in the content areas Each chapter contains practical ideas for using writing in the classroom along with a discussion of the theories on which these ideas are based In keeping with the hands on nature of the book workshop materials are provided at the end of every chapter including invitations to write journals workshop exercises handouts and worksheets and teacher and student responses to workshop experiences Chapter topics are arranged in the same order as they might be discussed at an interdisciplinary writing workshop though each stands as a relatively independent essay Journaling from the Heart Eldonna Edwards Bouton,2000 **Prewriting Tools** James E. Fredricksen,1997 This paper examined the type of writing middle school language arts students create in their personal journals and in their writer s notebooks The paper is divided into three studies Study One s purpose was to examine the type of writing students created in their personal journal and whether or not such writing helps to generate ideas for pieces the students create during the writing workshop Using random samples of journal entries and open ended questionnaires it was found that students mainly write personal reactions to the events in their day This writing did not appear to help students generate ideas for their self sponsored writing during the writing workshop Given this lack of connection Study Two examined the type of writing students created in another prewriting tool the writer s notebook and whether or not such writing helped to generate ideas for pieces the students create during the writing workshop Study Two found that students created observational entries as well as entries that were the beginnings of self sponsored pieces The results also suggested that students viewed and used the writer s notebook as a prewriting tool To investigate further the possible link between the writer s notebook and students own pieces and to examine how students use the writer s notebook as their writing process

matures Study Three was conducted using the same subjects later in the school year Studies One and Two were conducted as the student s writing process was beginning to take shape Study Three occurred approximately 60 writing workshop days after Study Two The results of Study Three suggested that students used the writer s notebook as one of their ways to generate ideas Discussion of the efficacy of the personal journal and the writer s notebook as prewriting tools is presented
