## **Mystifying Square Divine Proportions Nature S Black Box:**

**Mystifying Square, Divine Proportions - Nature's Black Box** Pauline Novak-Reich, 2014-11-01 This volume traces W D Gann's Time Factor and Law of Vibration back to the Chaldeans of 3000 BCE Sumer whose principal aspiration was to understand the motion of time They divided time into years months weeks days hours minutes and seconds and devised calendars which helped them predict and therefore survive their two rivers ravaging floods Inadvertently their findings also solved the mystery behind the ups and down of money markets From ancient Sumer to Egypt ancient China to the native peoples of Central and North America civilisations unlikely to have had contact with each other built remarkably similar monuments according to geometrical proportions designed to embody cosmic knowledge that would last for all time Each deciphered time cycles created calendars and made long term projections of natural phenomena The Square of 9 is a matrix embodying nature's cosmic clock Pauline Novak Reich takes the reader through ancient math sacred geometry and lore demonstrating the extraordinary achievements of people who lived in tandem with nature Each one of these civilisations discovered Nature's Black Box Gann often reiterated that Everything in existence is based on exact proportion and perfect relationship There is no chance in nature because mathematical principles of the highest order lie at the foundation of all things Vibration is fundamental nothing is exempt from this law It is universal therefore applicable to every class of phenomena on the globe *Time*, 1888 *Bulletin of the Atomic Scientists*, 1992-12 The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security Founded by Manhattan Project Scientists the Bulletin's iconic Doomsday Clock stimulates solutions for a safer world **Tid-bits**, 1888 **The Odyssey of Sacred Knowledge** Reich Pauline, 2016-07-14 The Odyssey of Sacred Knowledge is the historical sequel to Mystifying Square Divine Proportions Nature's Black Box It chronicles the five thousand year long odyssey of the world's second measuring instrument the Square of 9 from 3000 BCE Babylon to 21st century United States It tells the story of the men and women who over the ages tapped the secrets of the universe and discovered the matrix of space time the heartbeat of all cycles biological or inanimate When stripped of its theological content the Biblical narrative brings to light the era's scientific advances as well as the troublesome lineage concealed in the Old Testament It emerges that the Square of 9 is the centrepiece of the Torah's five books and that the Hebrew patriarchs' choice of heir dictated the course it would travel over the next five thousand years The Odyssey of Sacred Knowledge begins in the Garden of Eden where according to the Genesis story the first known humans lived The serpent coiling round the Tree of Knowledge the Tree's forbidden fruit and the awakening of Adam and Eve are the seeds that germinated this volume The serpent alludes to a spiral the Garden's trees to a life supporting environment and to the pristine surroundings humanity was yet to explore
