Coggins, 2007 *A Decade of Urban School Reform* looks at this critical era in the Boston schools and distills valuable insights and lessons for school leaders and reformers everywhere. In the last decade the Boston Public Schools has undergone critical reforms that have been of intense interest to school leaders and policymakers throughout the country. Under the leadership of superintendent Thomas Payzant the Boston schools implemented extensive reform strategies that yielded notable results. Fittingly at the end of Payzant's superintendency in September 2006 the Boston Public Schools received the Broad Prize for Urban Education for being the most improved urban school district in the country. With chapters that explore questions pertaining to governance, human resources, instruction, data collection, disabilities, community engagement, and other topics, the book offers a detailed comprehensive portrait of a school system managing the complex and daunting tasks of system-wide reform. The result is a timely in-depth contribution to the small group of indispensable writings on urban school reform.
