Laurell K Hamiltons Anita Blake Vire Hunter Collection:

Reading Laurell K. Hamilton Candace R. Benefiel, 2011-07-06 This exploration of author Laurell K Hamilton's work examines the many novels of her series and shows how her writing has been a major influence on contemporary visions of the vampire an ideal reference text for book club leaders Long before *Twilight* achieved epic levels of popularity Laurell K Hamilton was reshaping the image of the vampire with her own take on the vampire mythos in her Anita Blake Vampire Hunter fantasy novel series While Hamilton's work draws on traditional vampire and fairy lore her interpretation of these subjects brought new dimensions to the genres influencing the direction of urban fantasy over the past two decades *Reading Laurell K Hamilton* focuses upon Hamilton's two bestselling series the Anita Blake Vampire Hunter series and the Merry Gentry series The volume is intended as a resource for leaders of book clubs or discussion groups containing chapters that examine Hamilton's role in the current vampire literature craze the themes and characters in her work and responses to Hamilton on the Internet The book also provides a brief overview of Hamilton's life

Fan Fiction and Copyright Aaron Schwabach, 2016-04-15 As long as there have been fans there has been fan fiction There seems to be a fundamental human need to tell additional stories about the characters after the book series play or movie is over But developments in information technology and copyright law have put these fan stories at risk of collision with the content owners intellectual property rights Fan fiction has long been a nearly invisible form of outsider art but over the past decade it has grown exponentially in volume and in legal importance Because of its nature authorship and underground status fan fiction stands at an intersection of key issues regarding property sexuality and gender In *Fan Fiction and Copyright* author Aaron Schwabach examines various types of fan created content and asks whether and to what extent they are protected from liability for copyright infringement Professor Schwabach discusses examples of original and fan works from a wide range of media genres and cultures From Sherlock Holmes to Harry Potter fictional characters their authors and their fans are sympathetically yet realistically assessed *Fan Fiction and Copyright* looks closely at examples of three categories of disputes between authors and their fans Disputes over the fans use of copyrighted characters disputes over online publication of fiction resembling copyright work and in the case of J K Rowling and a fansite webmaster a dispute over the compiling of a reference work detailing an author's fictional universe Offering more thorough coverage of many such controversies than has ever been available elsewhere and discussing fan works from the United States Brazil China India Russia and elsewhere *Fan Fiction and Copyright* advances the understanding of fan fiction as transformative use and points the way toward a safe harbor for fan fiction

The Encyclopedia of the Gothic, 2 Volume Set William Hughes, David Punter, Andrew Smith, 2015-12-21 THE ENCYCLOPEDIA OF THE GOTHIC Well written and interesting it is a testament to the breadth and depth of knowledge about its central subject among the more than 130 contributing writers and also among the three editors each of whom is a significant figure in the field of gothic studies A reference work that's firmly rooted in and actively devoted

to expressing the current state of academic scholarship about its area New York Journal of Books A substantial achievement Reference Reviews Comprehensive and wide ranging The Encyclopedia of the Gothic brings together over 200 newly commissioned essays by leading scholars writing on all aspects of the Gothic as it is currently taught and researched along with challenging insights into the development of the genre and its impact on contemporary culture The A Z entries provide comprehensive coverage of relevant authors national traditions critical developments and notable texts that continue to define shape and inform the genre The volume s approach is truly interdisciplinary with essays by specialist international contributors whose expertise extends beyond Gothic literature to film music drama art and architecture From Angels and American Gothic to Wilde and Witchcraft The Encyclopedia of the Gothic is the definitive reference guide to all aspects of this strange and wondrous genre The Wiley Blackwell Encyclopedia of Literature is a comprehensive scholarly authoritative and critical overview of literature and theory comprising individual titles covering key literary genres periods and sub disciplines Available both in print and online this groundbreaking resource provides students teachers and researchers with cutting edge scholarship in literature and literary studies

The Encyclopedia of Vampires, Werewolves, and Other Monsters Rosemary Guiley, 2004 Monsters and shape shifters have always held a special fascination in mythologies legends and folklore the world over From ancient customs to famous cases of beasts and vampires and their reflections in popular culture 600 entries provide definitions explanations and lists of suggested further reading
