Islam The Straight Path 4th Edition Esposito:

Islam John L. Esposito, 1988 The world's largest religion Islam is also one of the fastest growing and most politically potent yet its nature remains obscure to many westerners despite its common theological and historical roots with Judaism and Christianity Combining the finest Western scholarship with an insider's understanding of the Muslim world this book provides a brief yet comprehensive introduction to the faith belief and practice of Islam from the seventh century to the contemporary resurgence Drawing on his extensive experience traveling researching and teaching in the Muslim world John L. Esposito records the struggle of Muslims to define and follow their way of life through the development of Islamic law theology mysticism and philosophy bringing his discussion to life with excerpts from a wide range of original sources Written for a broad audience *Islam The Straight Path* addresses the powerful and pervasive role of Islam in modern Muslim life and the issues that Islam faces avoiding simplified political generalizations about the contemporary scene Completely up to date this book is indispensable to understanding the Islamic world during this turbulent and important period in its history

The Woman Question in Islamic Studies Kecia Ali, 2024-09-17 The interconnected ways that sexism functions in academic Islamic studies and how to shift professional norms toward parity Despite remarkable shifts in the demographics of Islamic studies in recent decades the field continues to be dominated by men who often relegate other scholars and their work particularly research on gender to its periphery while treating subfields in which men predominate as more rigorous and central In *The Woman Question in Islamic Studies* Kecia Ali explores the interconnected ways that sexism functions in academic Islamic studies Examining publications citations curricula and media representations Ali finds that despite the growth and depth of scholarship on Islam and gender men continue to overlook women's scholarship even in work that purports to discuss gender issues Moreover media and social media dynamics make talking about Islam and Muslims for

broader audiences especially fraught for scholars who are not men particularly when the topic is gender or sexuality Combining broad surveys with more focused analyses of a smaller set of texts Ali shows that textbooks and syllabi continue to exclude women as historical actors and scholars and to marginalize gender and sexuality as subject matter Finally she provides a Beginner s Guide to Eradicating Sexism in Islamic Studies offering practical strategies to help scholars avoid common pitfalls in their own work and contribute to broader professional transformations Hispanic Muslims in the United States Victor Hugo Cuartas,2020-03-31 The empirical case in this study is that of the Hispanic Catholic converts to Islam in the Washington DC Metropolitan and New Jersey areas of the United States The central research question is To what extent do Hispanic Muslim converts play a role in making different choices regarding religious commitment and practice The argument is that not only do both the more and less active converts play a central role in making choices during the pre affiliation and post affiliation stages but that these choices can often be strategic in nature as they practice the new religion in the United States These choices are shaped by multiple factors This contributes to a new understanding of the prevailing debates among Muslims in Europe and the United States on the nature of Muslim minorities in the West that Muslims here are not merely transplanted but are active participants of diverse expressions of local Islam The evidence in my research shows that being less active does not mean converts do not play a role or make choices Both more active and less active converts make choices based on multiple factors This is especially significant as the main aim of this thesis is to show that the converts make choices and play a role in the post affiliation stage and that these often have strategic elements
