Equity and Trusts in Sanskrit Jurisprudence Christopher T. geoeconomic and geostrategic features the Middle East region has been confronted with challenging security issues Combined with a lack of an efficient regional security regime this has led to the formation of a full fledged arms race This book draws together contributions from international experts to address the factors that have been contributing to the ongoing formation of an arms race in the Middle East as well as the impact of this phenomenon on the regional and global security environment The book is organized in three sections The first section outlines the contemporary dynamics of the arms race in the Middle East by focusing on its most recent dynamics and their implications for regional and international security The second section conducts systematic analysis of case studies of country specific drivers of the arms race The third and final section examines the role of external actors in the arms race evaluating both the responses of regional actors to external interventions as well as the implications of the arms race for extra regional countries The Islamic Quarterly ,1999 *Mediation and Immediacy* Jenny Ponzo,Robert A. Yelle,Massimo Leone,2020-12-07 Religion like any other domain of culture is mediated through symbolic forms and communicative behaviors which allow the coordination of group conduct in ritual and the representation of the divine or of tradition as an intersubjective reality While many traditions hold out the promise of immediate access to the divine or to some transcendent dimension of experience such promises depend for their realization as well on the possibility of mediation which is necessarily conducted through channels of communication and exchange such as prayers or sacrifices An understanding of such modes of semiosis is therefore necessary even and especially when mediation is denied by a tradition in the name of the ineffability of the deity or of mystical experience This volume models and promotes an interdisciplinary dialogue and cross cultural perspective on these issues by asking prominent semioticians historians of religion and of art linguists sociologists of religion and philosophers of law to reflect from a semiotic perspective on the topic of mediation and immediacy in religious traditions World Agricultural Economics and Rural Sociology Abstracts ,1983 **Canadian Books in Print** ,2003 *Africa South of the Sahara* 2004 Europa Publications,2003 A definitive one volume guide to all sub Saharan African countries providing invaluable economic and directory data **The New York Times Index** ,2004 **INIS newsletter** ,1992 *Library Literature & Information Science* ,2008 An index to library and information science literature **Documentation Internationale Du Travail** International Labour Office.
