Last King Of Scotland The Giles Foden:

The Last King of Scotland Giles Foden, 2011-11-02 Nicholas Garrigan has fled his native Scotland and his parents expectations to take a position as a doctor in a remote rural outpost of Central Africa Shortly after his arrival in Uganda he is called to the scene of a bizarre car accident Idi Amin manically driving his red Maserati down the dirt tracks of Garrigan's small village has run over a cow Garrigan binds Amin's sprained wrist and puts the incident behind him until a letter arrives from the Minister of Health informing him that Amin in his obsession with all things Scottish has appointed Garrigan his personal physician Garrigan is instructed to settle into State House on the grounds of Amin's residence immediately Later Garrigan will reflect that had he known what awaited him had he foreseen the terrifying concatenation of events this decision would set in motion he would have boarded the first plane back to Scotland He will wonder why it never occurred to him to simply say no But flattered disarmed and intrigued if uneasily by the prospect of entering Amin's inner circle he steps into the role of caring for the man who will turn out to be one of the most brutal dictators of all time So begins Nick Garrigan's journey into a Conradian heart of darkness as his own moral center battles weakly against and then succumbs to the dark and irresistible seductions of Idi Amin Dada whose cruelty and cunning are masked by brilliant rhetoric hilarious wit and electrifying personal magnetism When at last Nick awakens to the horrors of Amin's regime he must awaken also to his own complicity in it he cared for Amin as a doctor and as a friend and to the knowledge that he is both a traitor to his own country and a prisoner in his new one By turns comic and chilling Giles Foden's *The Last King of Scotland* is a masterful debut from a remarkable talent a riveting history of blood misery and foolishness that lingers in the mind long after the last page is turned and a profound meditation on conscience charisma and the slow corruption of the human heart **A Study Guide for Giles**

Last King of Scotland, The, 2006 **Visual Difference** Elizabeth Heffelfinger, Laura Wright, 2011 To date no text exists that focuses exclusively on the concept of postcolonial film as a framework for identifying films produced within and outside of various formerly colonized nations nor is there a scholarly text that addresses pedagogical issues about and frameworks for teaching such films This book borrows from and respects various forms of categorization intercultural global third and accented while simultaneously seeking to make manifest an alternate space of signification What feels like a mainstream approach is pedagogically necessary in terms of access both financial and physical to the films discussed herein given that this text proposes models for teaching these works at the university and secondary levels The focus of this work is therefore twofold to provide the methodology to read and teach postcolonial film and also to provide analyses in which scholars and teachers can explore the ways that the films examined herein work to further and complicate our understanding of postcolonial as a fraught and evolving theoretical stance **The Encyclopedia of Epic Films** Constantine Santas, James M.
