History of 'Bad' Video Games Michael Greenhut,2023-05-04 Did you grow up playing video games when you had to wait
online to get them Do you remember the bad weird or otherwise underrated video games of your youth Did you like a few of
them more than your friends did A Selective History of Bad Video Games will walk you down memory lane and perform
unholy excavations of games you remember games you ve forgotten and games you never knew you wanted to read about
during your lunch break From a seemingly nude Atari 2600 karate referee to a basketball star doing martial arts to a tiger
that speaks broken English and walks through walls the book will try to uncover what the developers were thinking and
occasionally succeed While there s been some recent coverage of the most famously bad video game E T this book starts
there and continues on to 40 other curiously or unsurprisingly unsuccessful video games during the first few decades of the
industry s lifespan Written by a modern day video game developer the book explores why these games failed whether or not
they truly deserved it and what could have made them better The covered games include screen shots that capture awkward
moments irreverent captions and pages of tongue in cheek psychoanalysis **Catalogue** Capital University,1921
