Mukiwa A White Boy In Africa English Edition:

Mukiwa Peter Godwin, 2011-06-22 Mukiwa opens with Peter Godwin six years old describing the murder of his neighbor by African guerillas in 1964 pre war Rhodesia Godwin s parents are liberal whites his mother a government employed doctor his father an engineer Through his innocent young eyes the story of the beginning of the end of white rule in Africa unfolds The memoir follows Godwin s personal journey from the eve of war in Rhodesia to his experience fighting in the civil war that he detests to his adventures as a journalist in the new state of Zimbabwe covering the bloody return to Black rule With each transition Godwin s voice develops from that of a boy to a young man to an adult returning to his homeland This tale of the savage struggle between blacks and whites as the British Colonial period comes to an end is set against the vividly painted background of the myserious world of South Africa

Intimate afterlives of empire Astrid Rasch, 2025-09-02 Through close readings of almost twenty autobiographies written after the break up of the British Empire the book examines how individuals engage with the changing narrative landscape brought about by decolonisation It considers the autobiographies less for what they may teach us about the moment remembered and more as windows on the act of remembering This adds a crucial dimension to our understanding of the legacies of colonialism and how the ongoing process of decolonisation is reflected on the level of the individual It argues that autobiographers are at once influenced by and seek to influence the cultural memory of empire and its legacies and the authors own position in both Situated at the intersection of imperial decolonisation history memory studies and life writing studies the book uncovers this intimate afterlife of empire
