Muhammad Man And Prophet:

Muhammad M. A. Salahi, 1995 *Muhammad: His Character and Conduct* Adil Salahi, 2014-08-18 Muslims all over the world see Muhammad as God's last messenger to mankind. Through his actions he showed the way to live a life that provides for all the needs of body, mind and soul and elevates man's aspirations towards a sublime ideal in a very simple, direct and truthful manner. He built a state that was dedicated to truth and justice and to the liberation of man throughout the world. He wrote to emperors, kings and rulers, calling on them to believe in God and to follow His message, yet at the same time he lived a life of poverty, leaving aside the riches that were offered to him. At a time when the Prophet is much maligned by writers, cartoonists and various other detractors, this book aims to show Muhammad's true character in detail, both in its most everyday and most extraordinary moments. Adil Salahi's writings include the acclaimed *Muhammad Man and Prophet* and *Pioneers of Islamic Scholarship* and the English translation of the eighteen-volume *In the Shade of the Qur'an*. His main career has been in radio and print journalism, and for over thirty years he was editor of *Islam in Perspective*, a twice-weekly full-page column in the *Arab News*, a Saudi daily newspaper. *Muhammad: Man and Prophet* Adil Salahi, 2010-03-01 The Prophet Muhammad initiated one of the most significant religious and cultural developments in human history, bringing the religion of Islam to the world. Adil Salahi's compelling biography traces the life of the Prophet Muhammad from his birth and childhood to the triumph of Islam and its hold on Arabia. The author sets this against a fascinating historical backdrop. His careful analysis of the Prophet's life is written with today's Muslim and non-Muslim readers in mind. Muslims will further their comprehension of their faith, and non-Muslims will come to understand the love Muslims have for their Prophet.

Prophet Muhammad P. Zainul Abideen, This book has been originally written in Tamil by Mr P Zainul Abideen under the caption MAAMANITHAR NABIGAL NAYAGAM. The author has aimed at enlightening the Tamil Speaking Public with true knowledge on the greatest leader, Prophet Muhammad, peace be upon him, about whom numerous books have been written by many prominent authors in almost all the languages in the world. The author's contention is that anyone who, in whatever standpoint, may examine, study and research the mettle and nobility of the character of Prophet Muhammad will arrive at the same conclusion: that no man on earth has been as unique, pure, noble, selfless and successful as Prophet Muhammad, the Man Supreme. P. Zainul Abideen is a very powerful orator in Tamil. He is prodigiously well-informed, eloquent, confident, true, honest, sincere, lucid and simple in style, reaching God's Message of Islam straight to people's heart. With profound knowledge in Islam and clarity of thought, he is continuously engaged in comparative study of religions. Especially, he serves the non-Muslim brothers and sisters in answering all their questions. In whatever form the questions are framed and whatever confusion might prompt the questions, he answers them right. This book will serve Muslim and non-Muslim brothers and sisters with answers to questions that remain unanswered in their minds for obvious reasons such as bias, prejudice, inhibition, hate and misconception. Even prominent scholars like Michael H. Hart narrates as God speaking to Muhammad, direct and confounds

Crawford,1997-10-06 Why is there a world Does it reflect the presence of God in any way Did the world spontaneously come into existence or is there a creator How will it end Does God Exist Do religions give a coherent view of His existence and nature Can we enter into relation with Him Robert Crawford tries to answer these and other questions by arguing that religion and science complement one another and while they use different sources and methods insights can be gleaned from both concerning our nature the world and God Major attention is given to Christianity because modern science arose in that context but the discussion includes the teachings of five other religions in the hope that we can also learn from them
