Jihad Haine Juifs Matthias Kntzel:

Nazis, Islamic Antisemitism and the Middle East Matthias Kuntzel, 2023-08-01 Nazis Islamic Antisemitism and the Middle East demonstrates the impact on the Arab world of Nazi ideology and propaganda in the 1930s and beyond In 1937 with the brochure Islam and Judaism a new form of Jew hatred came into the world Islamic antisemitism The Nazis did everything they could to anchor this new message of hate through their Arabic language radio propaganda The book sheds light on this hitherto unknown chapter of Germany's past It presents new archive findings that show how the image of Jews in Islam changed between 1937 and 1948 under the influence of this propaganda and other Nazi activities This fresh look at Middle East history allows for a more precise assessment of the present What exactly is Islamic antisemitism How is it currently manifesting itself in Germany and France What makes it particularly dangerous Only when we understand how strongly modern Middle East history is shaped by the aftermath of National Socialism will we be able to correctly interpret the hatred of Jews in this region and its echo among Muslims in Europe and develop adequate countermeasures This volume will be of interest to those researching antisemitism Nazi foreign policy and the political history of the Middle East This book is nominated for the 2023 book prize for the best book on contemporary antisemitism awarded annually by the London Center for the Study of Contemporary Antisemitism

Jews in Arab Countries Georges Bensoussan, 2019-03-04 In this new history French author Georges Bensoussan retells the story of what life was like for Jews in the Arab world since 1850 During the early years of this time it was widely believed that Jewish life in Arab lands was peaceful Jews were protected by law and suffered much less violence persecution and inequality Bensoussan takes on this myth and looks back over the history of Jewish Arab relations in Arab countries He finds that there is little truth to the myth and forwards a nuanced history of interrelationship that is not only diverse but deals with local differences in cultural religious and political practice Bensoussan divides the work into sections that cover 1850 to the end of WWI from 1919 to the eve of WWII and then from WWII to the establishment of Israel and the Arab Wars A new afterword brings the history of Jewish and Arab relations into the present day Bensoussan has determined that the history of Jews in Arab countries is a history of slowly disintegrating relationships increasing tension violence and persecution
