Jisatsusigan Japanese Edition:

Japanese Women Novelists in the 20th Century Sachiko Shibata Schierbeck, 1994 It was not until Kawabata Yasunari won the 1968 Nobel Prize for literature that the average Western reader became aware of contemporary Japanese literature. A few translations of writings by Japanese women have appeared lately yet the West remains largely ignorant of this wide field. In this book Sachiko Schierbeck profiles the 104 female winners of prestigious literary prizes in Japan since the beginning of the century. It contains summaries of their selected works and a bibliography of works translated into Western languages from 1900 to 1993. These works give insight into the minds and hearts of Japanese women and draw a truer picture of the conditions of Japanese community life than any sociological study would present. Schierbeck's 104 biographies constitute a useful reference work not only to students of literature but to anyone with an interest in women's studies, history or sociology.

Japanese Women Fiction Writers Carol Fairbanks, 2002-04-26 This study provides annotations for three hundred translated works of fiction by 97 Japanese women writers from the 1890s to the 1990s. Also included are 600 annotations of articles, books and reviews that cover biographical and critical materials and a 100 page glossary.

Review of Japanese Culture and Society, 1986 Consists mainly of articles reprinted from various sources published originally in Japanese since World War II.
