January 2012 Geometry Regents Work Shown:

The Geometry of Coincidence Federica De Felice, 2025-08-03 This book offers a contribution to our understanding of Nicholas of Cusa's theory of geometry. It is based not only on his generally more famous philosophical texts e.g. *De docta ignorantia*, *Idiota* etc. but also and more significantly on the strictly speaking mathematical texts drafted between 1445 and 1459 where Cusanus attempts to provide a solution to the vexata quaestio of the squaring of the circle. First critically edited in 2010 and translated into Italian by the author in 2020, Cusanus' *Scripta mathematica* are here scrutinized as to their context, genesis and content in order to shed light on the one hand on the philosophical and theological motives behind Cusanus' mathematical endeavours and on the other hand on the scope and limits of Cusanus' geometrical constructive attempts to reach mathematical perfection. In addition to providing a scrupulous survey of Cusanus' sources on mathematics, this book focuses on a little explored aspect in Cusanus' work, namely his original theory of geometrical space as *mensura* space, where the activity of *mensurare* takes place, establishing relations of continuous proportionality to the original unity. In conclusion, the author provides an extensive account on the reception of Cusanus' mathematical texts from their early dissemination to the reactions of several thinkers throughout history, ensuring a full and rounded overview of Cusanus' work in geometry, mathematics and philosophy.

Last Notes from Home Frederick Exley, 2012-04-04 Of his generation's metafictioneers, Fred Exley has created the richest and most American body of work. *LAST NOTES* tells tales about corruption, confession, and the often terrible beauty of the bonds of love. *VILLAGE VOICE*, Frederick Exley, the splenetic and prodigiously self-destructive narrator and protagonist of *A FAN'S NOTES* and *PAGES FROM A COLD ISLAND*, is alive, if not exactly well. In this exhilarating, scalding new novel, Exley recounts his death watch for his older brother, his imprisonment by a nightmarish Irishman, and his sexual enthrallment to a beautiful flight attendant whose lies are even more inventive than his own. Searching compulsively for love and inevitably betraying it, lashing out at the country in which he is perpetually an alien, Exley remains one of the most riveting characters and mesmerizing writers in contemporary American fiction. Exley can weave a number of seemingly unrelated incidents into a single allusive narrative, leading to an unexpected, usually prickly epiphany. His books seem like the loquacious meanderings of one of the more literary and entertainingly cynical, if often terrifyingly frank, guys one might meet in a neighborhood bar. They reveal themselves as structurally complex, thoroughly imagined, consummate works of art.
