Japanese Art After 1945 Scream Against The Sky:

Japanese Art After 1945 Alexandra Munroe, 1994-09-30 This provocative book the first in English on Japanese avant garde art after 1945 is the catalogue of the most ambitious exhibition of its kind It surveys some 200 works from painting and sculpture to performance and video by more than 100 artists The exhibition comes to the Guggenheim Museum New York in September Over 445 illustrations 200 in full color *New York Magazine*, 1994-09-26 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea *Japanese Art Since 1945*, 1994 **The Ends of History** Amy Swiffen, Joshua Nichols, 2013-05-02 The Ends of History considers how despite the fact that events in the past 20 years have called Francis Fukuyama's infamous announcement of the end of history into question the issue of the end of history is now a matter of renewed interest and debate Two decades ago we were confronted by the end of the Soviet Union and collapse of the geo political divisions that had defined much of the twentieth century From this particular end the end of history was proclaimed But is it still possible to argue that liberal democracy and free market capitalism are the final form of law and mode of production in human history Recent events have called this thesis into question from 9 11 and the War on Terror to the current global economic collapse and looming ecological crises it seems that history is far from over And yet oddly enough the question of the end has returned For example in the often predicted but still uncertain establishment of either a new international American Empire or a new era of International Law and the global resurgence of religion as a dominant source of political identification On the other hand perhaps the end is still yet to come slowly accumulating mustering at the periphery of the geo political landscape and outside the productive sphere Responses taking up these questions range from a return to Universalism political theology Messianism and even the old specter of communism This volume assesses these responses exploring what is at stake in proclaiming the end in the current historical moment Is it a matter of reading the writing on the wall Or is the proclamation itself a political act Furthermore is there a desire for the end In addressing these questions the contributors to The Ends of History confront the various ends that we now live and in so doing they open new lines of sight into the future *The Films of Oshima Nagisa* Maureen Turim, 2023-04-28 This study of the films of Oshima Nagisa is both an essential introduction to the work of a major postwar director of Japanese cinema and a theoretical exploration of strategies of filmic style For almost forty years Oshima has produced provocative films that have received wide distribution and international acclaim Formally innovative as well as socially daring they provide a running commentary direct and indirect on the cultural and political tensions of postwar Japan Best known today for his controversial films In the Realm of the Senses and The Empire of Passion Oshima engages issues of sexuality and power domination and

identity which Maureen Turim explores in relation to psychoanalytic and postmodern theory The films complex representation of women in Japanese society receives detailed and careful scrutiny as does their political engagement with the Japanese student movement postwar anti American sentiments and critiques of Stalinist tendencies of the Left Turim also considers Oshima s surprising comedies his experimentation with Brechtian and avant garde theatricality as well as reflexive textuality and his essayist documentaries in this look at an artist s gifted and vital attempt to put his will on film This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1999 This study of the films of Oshima Nagisa is both an essential introduction to the work of a major postwar director of Japanese cinema and a theoretical exploration of strategies of filmic style For almost forty years Oshima has produced provocative film **Art, Anti-art, Non-art** Reiko Tomii,Getty Research Institute,2007 Introduction to two decades of artistic ferment in postwar Japan As that devastated nation confronted the fraught legacy of World War II a rapid succession of avant garde groups began experimenting with new media and processes of making art disrupting conventions to address the changes occurring around them The works that remain from this era are largely ephemeral exhibition flyers programs for performances musical scores issues of short lived journals documentary photographs pieces of mail art and multiples made from the detritus of modern life but the ideals of engagement and innovation that invigorated this creative surge are not *Newsletter, East Asian Art and Archaeology* ,1994 **Shomei Tomatsu** Leo Rubinien,Shōmei Tōmatsu,Sandra S. Phillips,John W. Dower,2004-01-01 A retrospective on the career of Japanese photographer Shomei Tomatsu whose work has chronicled the changing face of Japan from the 1950s until the present Included are essays on all aspects of the life career of the artist as well as excerpts from Tomatsu s own writings **Art and AsiaPacific** ,2008 □□ □□□□,2004-08 Call it The History of History with his trademark minimalist elegance photographer Sugimoto brings together his collection of venerable Asian artifacts with his own conceptual imagery sparking a dialogue on memory time and beauty Contemporary art and ancient art are like oil and water he says Yet for the longest time I have found the two melding ineffably together into one more like water and air **Positions East Asia Cultures Critique Volume 10** ,2002 **On Cultural Influence** Steven Rand,Heather Kouris,2006 Big Time Tatsuo Miyajima,Michael Auping,1996 *Art Inquiry* ,2006 Positions ,2004 **The Imperial Museums of Meiji Japan** Alice Yu-Ting Tseng,2008 This book is the first English language study of the art history and architecture of Japan s Imperial Museums the predecessors of today s national museums in Tokyo Kyoto and Nara It provides a chronological analysis of the museums development and highlights cross cultural influences that enriched and complicated Japan s search for a durable modern identity Alice Y Tseng is assistant professor of art history at Boston University **Encyclopedia of Twentieth-century Photography** Lynne Warren,2006
