Chilton's Guide to VCR Repair and Maintenance Gene B. Williams, Tommy Kay, 1985-09 *Video Magazine* ,1997

Consumer Buying Guide 1993 Consumer Guide, Consumer Guide Editors, 1993-02 Consumer Guide takes the time to evaluate the goods most people buy most often from camcorders to refrigerators to cars ranking each product for durability performance efficiency design price and value As always advertising is not accepted so the reviewers are unbiased and accurate **High Fidelity** ,1985 **The Complete Video Hook-up and Help Guide** Dan Hale, 1995-09 A no nonsense guide to how to purchase and care for video equipment as well as techniques for use of the equipment and creating your own video productions **A Practical Guide to Price Index and Hedonic Techniques** Ana M. Aizcorbe, 2014-06-12 This book provides an accessible guide to price index and hedonic techniques with a focus on how to best apply these techniques and interpret the resulting measures One goal of this book is to provide first hand experience at constructing these measures with guidance on practical issues such as what the ideal data would look like and how best to construct these measures when the data are less than ideal A related objective is to fill the wide gulf between the necessarily simplistic elementary treatments in textbooks and the very complex discussions found in the theoretical and empirical measurement literature Here the theoretical results are summarized in an intuitive way and their numerical importance is illustrated using data and results from existing studies Finally while the aim of much of the existing literature is to better understand official price indexes like the Consumer Price Index the emphasis here is more practical to provide the needed tools for individuals to apply these techniques on their own As new datasets become increasingly accessible tools like these will be needed to obtain summary price measures Indeed these techniques have been applied for years in antitrust cases that involve pricing where economic experts typically have access to large granular datasets *The Complete Guide to Video* Martin Clifford, 1983
