Magnolia Bakery Chocolate Cupcakes Recipe:

The Oxford Companion to Sugar and Sweets ,2015-04-01 A sweet tooth is a powerful thing Babies everywhere seem to smile when tasting sweetness for the first time a trait inherited perhaps from our ancestors who foraged for sweet foods that were generally safer to eat than their bitter counterparts But the science of sweet is only the beginning of a fascinating story because it is not basic human need or simple biological impulse that prompts us to decorate elaborate wedding cakes scoop ice cream into a cone or drop sugar cubes into coffee These are matters of culture and aesthetics of history and society and we might ask many other questions Why do sweets feature so prominently in children s literature When was sugar called a spice And how did chocolate evolve from an ancient drink to a modern candy bar The Oxford Companion to Sugar and Sweets explores these questions and more through the collective knowledge of 265 expert contributors from food historians to chemists restaurateurs to cookbook writers neuroscientists to pastry chefs The Companion takes readers around the globe and throughout time affording glimpses deep into the brain as well as stratospheric flights into the world of sugar crafted fantasies More than just a compendium of pastries candies ices preserves and confections this reference work reveals how the human proclivity for sweet has brought richness to our language our art and of course our gastronomy In nearly 600 entries beginning with la mode and ending with the Italian trifle known as zuppa inglese the Companion traces sugar s journey from a rare luxury to a ubiquitous commodity In between readers will learn about numerous sweeteners as well known as agave nectar and as obscure as castoreum or beaver extract the evolution of the dessert course the production of chocolate and the neurological psychological and cultural responses to sweetness The Companion also delves into the darker side of sugar from its ties to colonialism and slavery to its addictive qualities Celebrating sugar while acknowledging its complex history The Oxford Companion to Sugar and Sweets is the definitive guide to one of humankind s greatest sources of pleasure Like kids in a candy shop fans of sugar and aren t we all will enjoy perusing the wondrous variety to be found in this volume

Cook's Illustrated Revolutionary Recipes America's Test Kitchen,2018-10-23 2019 IACP Award Winner in the Compilations Category On the occasion of Cook s Illustrated s 25th anniversary we ve gathered together our most extraordinary recipes and innovations from the past quarter century in this hands on book packed with practical tips and techniques These recipes tell the story of how Cook s Illustrated has changed American home cooking through its signature blend of rigorous testing culinary research science and unorthodox approaches to developing foolproof recipes As fans know a big part of what makes the magazine so trustworthy and enjoyable to read is the essays that accompany each recipe tracing from initial brainstorming to aha moments and the occasional catastrophe to final success Rarely republished since they first appeared these feature length stories celebrate the art of food writing and the extensive work that goes into every recipe In addition to the recipes essays and helpful sidebars this book also features the trademark black and white illustrations that have become synonymous with Cook s Illustrated creative use of the beloved front and back cover art and a new addition
