Género. Debates actuales Juan Carlos Suárez Villegas,2020-06-29 La investigación se ha concebido tradicionalmente como una diversidad de espacios estancos con los que no se establecía conexión Ha sido objetivo de este volumen buscar entre distintas disciplinas nexos de unión temática mirando con una vocación transversal la ética la comunicación y los estudios de género En este ambicioso volumen incluimos un conjunto de aportaciones académicas de personas o equipos investigadores pero también profesionales con una larga trayectoria y reconocimiento en la comunidad académica Sin embargo también hemos incluido aportaciones de quienes empiezan con el propósito de incentivar su carrera académica Con esta perspectiva cuatro conceptos claves como su crítica o ausencia confluyen en este volumen la comunicación ética perspectiva de género y también algunas contribuciones de corte jurídico Se pretende abarcar con este enfoque debates y cuestiones que se retroalimentan y plantean la urgencia de rearmado de la sociedad civil la responsabilidad de los medios y alcanzar una igualdad efectiva entre todas las identidades de género Asuntos como el clickbait fake news el poder y la economía la democracia el derecho a una información veraz las emociones la educación y el bienestar los colectivos afectados por los sistemas patriarcales han sido tratados en el presente volumen Hemos discutido en la edición si precisamente para evitar una

estructuración que de por sí contraviniese el fin transversal debamos presentar las aportaciones aceptadas en bloques temáticamente encadenadas o por orden alfabético. Hay que considerar no sólo los ejes temáticos sino también la cuestión geopolítica de origen, enfoque económico, idiomas, género y perspectiva de género de las autoras entre otras consideraciones. Tras las diferentes pruebas decidimos presentar los dos bloques de este volumen y al menos ha sido la intención esperamos haber sido lo más coherentes posible en cada uno. Esta compilación está dirigida a quienes investigan, quienes leen por placer o simplemente desean estar al tanto sobre los debates que se están desarrollando en varias instituciones universitarias y de investigación o divulgación de ámbito internacional.
