**Invisible Line: Rebirth** John Gries,2014-11-08 Nothing is true nothing is false Get used to it and get over it In your defense no one really knows what that even means In fact a focal point in the philosophy of magic is not knowing what the hell you are doing Magic is a fundamental aspect of our universe And like its cousin gravity we can only understand its effects and not its cause We jump we fall down but we do not know why We have a name for why of course but we do not know why In the same manner some of us here on Noan spit fire from our fingertips speak foreign tongues and move mountains with our minds but we do not know why We know how And for most that is enough And why shouldn t it be An intimate familiarity with the inner workings of the omniverse rarely puts bread on the table by itself Diverting a stream to irrigate your field in an afternoon now that puts bread on the table Using telekinesis to put bread physically onto the table puts bread on the table Using telekinesis to put holes in a stranger so you can take his bread puts bread on the table Hiring other people to use telekinesis to put holes in strangers so said strangers don t use telekinesis to put holes in you to the end of taking your physical and or metaphorical bread now that s an economy The finer points of metaphysical discourse are chewed up bastardized spat out and then generally ignored by the sweeping majority of the populous Those who understand even the slimmest fraction of what they are doing and of what is being done to them they become gods Not literally at least in the case of this humble planet but they become the best of the best the worst of the worst and the idlest of the neutral Unfortunately all three are getting into the habit of causing problems for the rest of us So really what all does this mean to Feran Threll at the moment Not a damn thing if you d ask him For all the wonders magic can do not all are equally blessed The less gifted instead find their strength through other means In this case they seek it at the bottom of wine barrels So when it comes to anything relating to well anything that matters in the grand scheme of cosmic thought this is neither the time nor the place Then again nothing is false and nothing is true Paperbound Books in Print ,1992 **Rebirth: Villain**
